JOHNSTONE MEETS DEATH IN FLIGHT

Famous And Daring Young Aviator Killed at Denver, Colorado, Meet.

FELL 500 FEET TO THE EARTH

Body Was Horribly Crushed.—Held the World's Altitude Record.—Was Trying the Spiral Glide.—Terrible Thrill.

Denver, Colo., Nov. 17.—With one wing tip of his machine crumpled like a piece of paper, Ralph Johnstone, the brilliant young aviator, holder of the world's altitude record, dropped like a plummet from a height of 500 feet into the inclosure at Overland Park Aviation field, and was, late today, instantly killed.

When the spectators crowded about the inclosure, reached him, his body lay beneath the engine of the biplane, with the white planes that had failed him in his time of need, wrapped about it like a shroud. Nearly every bone in his body was broken.

He had gambled with death once too often, but he played the game to the end, fighting cooly and grimly to the last second to regain control of his broken machine. Fresh from his triumphs at Belmont Park, where he had broken the world's record for altitude with a height of 9,174 feet, Johnstone attempted to give the thousands of spectators an extra thrill with his most daring feat, the spiral glide, which has made the Wright aviators famous. The spectators got their thrill, but it cost Johnstone his life.

Second Flight Fatal.

The fatal flight was the second that Johnstone had made this afternoon. In the first flight when he was in the air with Hoxsey and Brookins, he had gone through his usual programme of dips and glides with the machine apparently under perfect control. Then Johnstone rose again and after a few circuits of the course to gain height, headed toward the foothills.

Still ascending he swept back in a big circle, and as he reached the north end of the enclosure, he started his spiral glide. He was then at an altitude of about 800 feet.

The machine tilted at an angle of nearly 90 degrees and he swooped down in a narrow circle, the aeroplane seeming to turn almost in its own length. As he started the second circle the middle spur, which braces the left side of the lower planes gave way, and the wing tips of both upper and lower planes folded up as though they had been hinged. For a second Johnstone attempted to right the plane by warping the other wing tip. Then the horrified spectators saw the plane swerve like a wounded bird, and plunge straight toward the earth.

The Downward Plunge.

Johnstone was thrown from his seat as the nose of the plane swung downward. He caught on one of the wire stays between the planes and grasped one of the wooden braces of the upper plane with both hands. There, working with hands and feet, he fought by main strength to warp the planes so that their surfaces might catch the air and check his descent. For a second it seemed that he might succeed for the football helmet he wore blew off, and fell much more rapidly than the plane.

The hope was momentary, however, for when about 300 feet from the ground, the machine turned completely over and the spectators fled wildly as the broken plane, with the aviator still fighting grimly in its mesh of wires and stays, plunged among them with a crash.

Fought Over Dead Body.

Scarcely had Johnstone hit the ground before morbid men and women swarmed over the wreckage fighting with each other for souvenirs. One of the wooden stays had gone almost through Johnstone's body. Before doctors or police could reach the scene one man had torn this splinter from the body and ran away carrying his trophy with the aviator's blood still dripping from its ends.

The crowd tore away the canvass from over the body, and even fought for the gloves that had protected Johnstone's hands from the cold.

The machine fell on the opposite side of the field to that of the grand stand and there were but few persons near the spot but physicians and police were rushed across as soon as possible. Physicians declare that death must have been instantaneous as Johnstone's back, neck and both legs were broken, the bones of his thigh being forced through the flesh and the leather garments he wore. Arch Hoxsey, who in a previous flight this afternoon had reached an altitude of 2,500 feet, had risen just before Johnstone began his fatal glide and was in the air when the accident took place. As he swung down the other end of the course, he saw that Johnstone had fallen and guided his machine directly over the body of his friend. He descended to the ground and rushed to the wreckage, where he and Walter Brookins, helped lift the mangled form to an automobile, which brought it to the city.

Woman's Shriek the Clue.

Many of the spectators were watching Hoxsey's flight and did not see Johnstone's machine collapse, but a woman's shriek "My God, he's gone,"

ENGINE STOPPED AVIATOR TUMBLED

Library of Congress

Sensational Flights in Raleigh Yesterday by McCurdy and Ely.

FORTUNATELY WAS NO INJURY

Fell Probably 300 Feet But Landed Safely.—Three Exhibitions, Best of Week by News and Observer.

(Special Star Telegram.)

Raleigh, N. C., Nov. 17.—Aviator McCurdy in the demonstrations he and Aviator Ely held here the past two days, took a tumble with his machine out of the skies from a height

of probably 300 feet this afternoon, but landed without serious injury to himself and without wrecking the machine anything like as badly as might have been expected.

The engine went down on him after he passed smoothly out of the fair grounds and some distance to the eastward. Following McCurdy's "tumble," Aviator Ely made one of the prettiest flights of the meet. Three fine flights with satisfactorily high al-

titudes and long courses were had this afternoon.

Another Report.

Raleigh, N. C., Nov. 17.—Ely and McCurdy made a number of flights here today in Curtiss biplanes at the News and Observer aviation and automobile meet. Ely made high flights and McCurday met with three mishaps. A wheel broke as he landed; in a second attempt to rise, his engine went wrong; the third time after a mile his engine failed to act, but he reached ground without injury to himself or the aeroplane.

TO CRUSH ANY REBELLION.

Mexican Government Making Plans—Gen. Villar Changed.

Laredo, Texas, Nov. 17.—That the Mexican government is moving swiftly to crush any rebellion that may be brewing in the Republic was shown when General Villar, commanding the frontier of the Mexican army arrived in Nueva Laredo today with his staff and officially announced that his headquarters will be changed from Matamotas to Nueva Laredo. The greater portion of the 23rd regiment will arrive within a few days. The swift change in base on the part of the Mexican commander is regarded as especially significant. None of the Mexican officials will discuss the matter.

RULING OF COURT FAVORS OIL TRUST

McCall Orders Verdict of Not Guilty in Suit Against Standard.

IMPORTANT LITIGATION ENDS

Government Falls Flat in Attempt to Assess Penalties Aggregating $30,000,000—"Blind Billing" Figures in Case.

Jackson, Tenn., Nov. 17.—In a ruling which required just 20 minutes to read, Judge John E. McCall, in the United States Circuit Court, this afternoon wrote finis to the efforts of the government to have assessed against the Standard Oil Company, of Indiana, penalties aggregating in excess of $30,000,000.

The ruling of the court, instructing that a verdict of not guilty be returned, came with the conclusion of the case in chief of the prosecution and in substance holds with the contentions of the defendant that after four years the United States had failed to build its structure of evidence other than on sand.

The suit at issue was probably the most important litigation against the greater corporations ever fought out in the South. The Elkins law regarding interstate commerce, was violated, it was alleged, through "scheme and device," the specific offense charged being the receiving of freight rate concessions.

Judge McCall in his ruling first reviewed the indictment allegations. Next he took up the testimony presented as tending to prove that the consignments which formed the basis for the suit were shipped on orders received from the Standard Company, of Kentucky, by the defendant company from their refinery at Whiting, Ind., to Grand Junction, Tenn., "for beyond" with freight charges prepaid to Grand Junction and there taken possession of by the Kentucky corporation. Also Judge McCall pointed out that the testimony presented "tends to prove that there was no understanding, expressed or implied, direct or indirect" between the defendant company and the Kentucky company with regard to rates to be paid; that it was solely a business transaction between two corporations. Judge McCall recalled that he ruled early in the trial that the Indiana company should not be held accountable for the shipments so far as the transportation beyond Grand Junction was concerned. "The uncontradicted testimony presented by the government," the ruling continues, "is that during the period covered by the indictment there was a 13 cent rate from Whiting to Grand Junction for points beyond and this rate was duly on file with the Interstate Commerce Commission and was the legal rate."

Taking up the much discussed "blind billing" it was held by the court that the "blind billing" was done by the carrier, "that there is not one syllable of testimony tending to show that the defendant company knew that the carrier was so "blind billing" the shipments. But if the defendant had known this fact, how could that affect its right to avail itself of the 13 cent rate which was filed with the Interstate Commerce Commission. As to the contention that the "blind billing" was an effort to conceal the rate, it is contended that if even that were true, it would be an effort on the part of the railroad company, which could avail but little because of the fact that the tariff was regularly filed with the Interstate Commerce Commission."

Concluding Judge McCall says, citing the right of the great and the small to an equal footing before the courts:

"When the courts swing away from this rule and those convicted of crime are convicted by other means the justice of our boasted jurisprudence will soon become a hollow mockery and the judgments of our courts will be held in derision and contempt."

The formal charge to the jury sustaining the motion of the defense and instructing a verdict of not guilty followed.

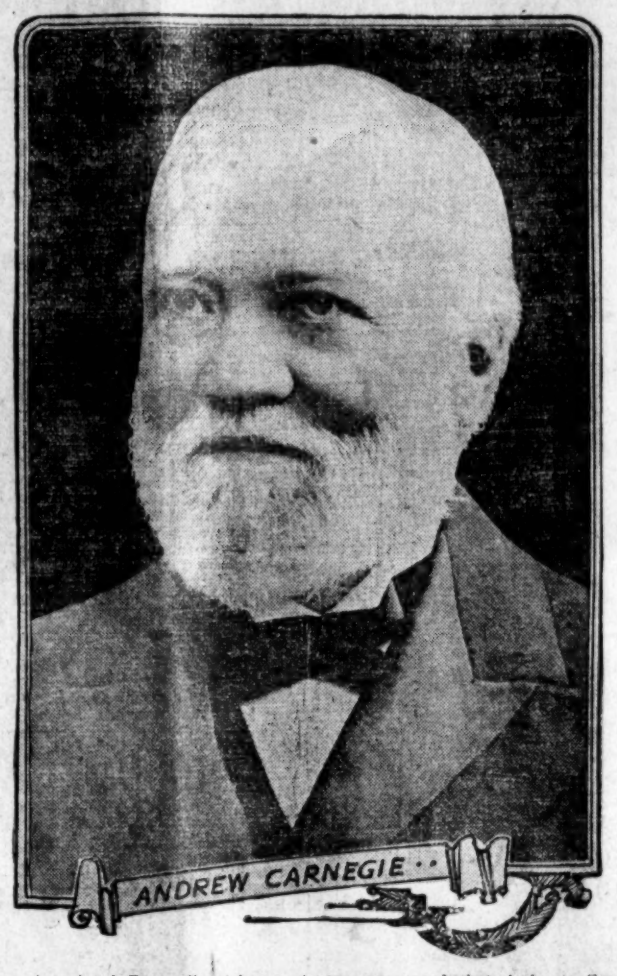
DR. ANNA SHAW SPEAKS.

President of Suffrage Association Heard at Richmond, Va.

Richmond, Nov. 17.—Rev. Dr. Anna B. Shaw, president of the National Woman Suffrage Association, made an address here this evening under the auspices of the Equal Suffrage League of Virginia. She is quoted as saying in the interview that "if it were not for the trusts, the liquor men and the machine politicians, the way of woman's suffrage would be smooth."

She is quoted further as follows: "The trusts are opposed to the movement for the very obvious reason that they could not handle women in legislatures and similar bodies as they do men when measures of interest to them are at stake. They are opposed to anything savoring initiative and referandum and that is what they will have to face when women have their way."

MILLIONS ON BIRTHDAY:



Associated Press dispatches yesterday announced that Andrew Carnegie, the steel magnate, would this week celebrate his 75th birthday by making a gift of $2,500,000 to the Carnegie Technology Schools in Pittsburg. Two millions will be an endowment of the schools and $1,500,000 will be put into buildings and equipment. The aged philanthropist has spent $20,000,000 [illegible] schools which care for [illegible],000 students.

YOUNG MAN COMMITS SUICIDE

Employed in Seaboard Office at Lumberton, Laurinburg Youth Shoots Himself—Overcome by Bad Habits—His Burial.

(Special Star Telegram.)

Lumberton, N. C., Nov. 17.—Mr. Archie McKay, a young man employed in the Seaboard freight office here, committed suicide tonight shortly before 7 o'clock by shooting himself through the head with a pistol in his room at the residence of Mr. Jack Morris, where he boarded.

Dr. McPhaul was hastily summoned and was there within five minutes, but life was already extinct. In the room was found a note addressed to the unfortunate young man's father, saying that he could not stop smoking cigarettes and drinking and rather die than bring disgrace upon those he loved, and requested that all members of the family be kissed for him.

During the day he purchased some cartridges and later tried to borrow a pistol from one of his railroad friends, but failing, went to someone else. Mr. McKay came here from Laurinburg a few months ago and had made many friends who are greatly shocked at his terrible death. The family was notified at once and are expected to arrive tonight. The remains will be carried to Laurinburg for interment.

METHODISTS AT WINSTON, N. C.

Conference Organs May be Consolidated at Greensboro.—Church at Washington, D. C.—Transfers and Other Proceedings.

Winston-Salem, N. C., Nov. 17.—One of the features of today's session of the Western North Carolina M. E. Conference of the Methodist Episcopal Church, South, was the report of the board of trustees of the church publication of North Carolina. The Christian Advocate, which recommended the appointment of a commission which shall confer with a similar commission to be appointed from the North Carolina conference, with reference to the consolidation of the two conference organs.

The conditions of the consolidation named in the report are that the North Carolina Conference shall assume one half of the indebtedness on the North Carolina Advocate building at Greensboro and that the consolidated organ of the two conferences be published in Greensboro.

Bishop Hendrix addressed the conference on behalf of the proposed church to be built in Washington City by Southern Methodists.

Bishop Edward Rondthaller, of the Moravian church, was extended greetings to the conference. C. L. Bahn was accepted by transfer from the South Carolina conference and H. E. Stanley from the North Carolina conference. Twelve applicants were admitted to this conference on trial.

This afternoon the conference visited the Childrens' Home here in a body. It is expected that the conference will provide ways and means for the proper support of the institution.

This evening the anniversary of the Sunday School Board was held. Rev. E. B. Chapple, Sunday School editor, was among the speakers.

PRIESTS AND POLITICS.

Monsignor Falconio Gives Out Interview on the Subject.

New Orleans, Nov. 17.—Monsignor Falconio, papal delegate to the United States, gave out an opinion, in the course of an interview here today, as to the prerogatives of a priest concerning matters of public discussion and action. Monsignor Falconio has been attending the convention here of the American Federation of Catholic Societies and will leave New Orleans tonight for Atlanta, whence he will return to Washington.

"No priest should identify himself with any political party," Monsignor Falconio declared. "He must always stand for the right and the best man for office, and he must be free to support the right. There are many political questions which do not concern the priest at all. But as to questions concerning the morality of the people he can certainly express himself."

TOLSTOI IS ALIVE BUT IS SINKING

Life of Aged Russian Count, Once Reported Dead, Hangs in Balance.

A MIRACLE IF HE RECOVERS

Patient's Heart Responds Feebly to Restoratives—Every Effort by Physicians to Save His Life—Details.

Astapova, Russia, Nov. 17.—Although hope has not yet been given up the attendants of Count Tolstoi recognize that his life is in the balance and that although the strong constitution of the great Russian has carried him through other grave struggles against disease, his system has become so weakened and his heart has responded so feebly to restoratives that it will be next to a miracle if he recovers from his present attack.

During the early stages of the inflammation of the lungs, from which he is suffering, it was the temperature which gave cause for anxiety, now it is the heart. The patient's temperature was not particularly high today, but the heart action was extremely bad. Tolstoi alternated part of the time between unconsciousness and delirium.

Early this evening it was announced that the inflammation had been confined to comparatively small section of the lung and that expectoration was free. The heart, however, caused constant anxiety. Strophanthus, a powerful stimulant, was administered. Oxygen was not resorted to.

The physicians have issued frequent bulletins, in which they refer to the persistent temperature. A clyster was administered as a means of relieving this, and as an [illegible] result the patient's temperature fell from 101.5 to 100, less, however, than was expected. Temporarily, there was easier breathing and the pulse dropped slightly. The patient faced a critical night.

An exhortatory telegram addressed to Tolstoi by Antoinus, Metropolitan of St. Petersburg, presiding over the Synod, and the departure of Bishop Cyril, for Astapova mark the extreme solicitude of the church to gather Tolstoi into its folds. At the time of the writer's illness at Crimea in 1900 a similar exhortation was sent to him and secret orders were despatched to Crimea to allow only the representatives of the church entrance to the bed chamber during his dying minutes, as the Synod had determined at any cost to bury him. On that occasion when he regained consciousness, Tolstoi directed an answer to the clericals: "Even in the face of death twice two makes four."

THE REVOLUTIONARY PLOT.

Uncovered by Mexican Government—Operated in Texas.

San Antonio, Texas, Nov. 17.—Federal secret service officers, who have been working here for the past several months, today learned many details of the revolutionary plot in part uncovered by the Mexican government.

A general rising along the border from No Gales, Ariz., to Brownsville, Texas, was set for Sunday, November 20th. No Gales is headquarters for the junta operating in the State of Sonora. The junta organization has been in existence since the raid of Las Vegas two years ago.

The brains of the revolutionary movement are in the United States and Europe. The revolutionists are backed by a seemingly inexhaustible supply of money which has been used to purchase arms in this country. Federal authorities in Washington were appraized of these facts, but as yet the revolutionists have committed no act that can be constituted as overt under the Federal statutes. Consignments of arms are under surveillance in Saint Antonia and elsewhere. When an attempt is made to take them across the border they will be seized.

According to Federal officers here, the revolutionary propaganda is:

The release of all political prisoners. The welcoming of all political exiles. The establishment of a popular government. The capture of all customs houses. Removal from office of Diaz and his adherents.

ARMED MEXICANS TO ATTACK.

Are Marching Toward Marathon, Tex.—Citizens Will Fight.

El Paso, Texas, November 17.—The editor of the Marathon Hustler wires the following tonight.

"The deputy sheriff of Marfa telephones that an armed band of 60 Mexicans has cross the river near there and is marching on this town. Four scouts have already been started toward the river and meantime the town officials of Marathon are raising armed men to protect the people." Marathon is a small town east of El Paso.

TAFT ENDS FIFTH VISIT TO ISTHMUS

President Declares Progress on the "Big Ditch" is Remarkable.

SAILED FOR HOME YESTERDAY

Boiler Makers Gave Notice of Quitting When President Refused to Hear Complaints—Gives Views on Panama Work.

Colon, Nov. 17.—President Taft sailed for Charleston at 6 o'clock this evening aboard the armored cruiser Tennessee, which was convoyed by the Montana after four interesting days on the Isthmus. Before leaving, the President said:

"This is the fifth time I have visited the Isthmus and I have gone over the whole line and looked into every part of the improvement. It is about 22 months since I was last here and in that time the progress made has been most satisfactory. Indeed, it is remarkable.

"The first thing that strikes one is the fact that work is being done apparently on every foot of the 50 miles of canal, and done under an organization of men, plants and materials that operates as economically and effectively as if it were a machine with Goethals in control of a lever which sets and keeps the whole machine in operation.

"When I was here 22 months ago the main question was the confirmation of the judgment in Congress of a lock type canal instead of a sea level. The extent to which Gatun Dam and the locks have been completed has removed from every impartial observer the slightest doubt of the wisdom and the feasibility of the plan adopted.

"This conclusion is further confirmed and clinched by the difficulty occasioned by the slides in the Culebra cut, which for a canal of an 85 foot level necessitated only an additional excavation that could readily be taken care of. Any attempt, however, to sink a canal in Culebra to a depth of 80 feet below the present proposed level would lengthen the time of construction, wear the patience of Americans and make the cost almost prohibitory and leave it an exceedingly doubtful question whether with the difficulty presented by the Chagres river such a canal would be possible at all.

"The Gatun Dam lock with the lake already eighteen feet and slowly rising to a level of 85 feet which will constitute the key to the whole plan of the canal, is so far advanced that taken with Culebra cut and the locks on the Pacific side, a definite picture is given of what the canal is to be, which inspires one with eagerness for its completion.

"The landslides in Culebra can be easily removed, the further excavation and the widening of the slope where they occur merely adding something to the amount of excavation previously calculated upon, and to the cost, but the percentage of both time and cost will be very small, and not enough to increase the estimates for the completed canal.

"The work is so far advanced that the time has come for the discussion of plans for the management and maintenance of the canal for the government of Panama is peacefully pursuing its course and enjoying prosperity and political calm in the republic."

Boiler Makers to Quit.

On the eve of President Taft's departure, 100 boiler makers, dissatisfied that after hearing their complaints last evening, the President would give no immediate answer to their demands, gave five days notice of quitting their work and sailing for home. Several of the Unions of the mechanists and blacksmith are threatening similar action. It is not proposed to strike, but simply to resign and leave the Isthmus. Only hourly employes constituting 25 per cent. of the force are likely to be affected. The canal officials are indignant at these employes for trying to force their demands which the officials regard as unreasonable.

President Taft promised to consider the matter fully and cable his answer from Charleston, but this did not satisfy some of the hot headed among the boiler makers.

The canal commission in a statement issued today says that the action of the boiler makers will not interfere with the canal construction work and will cause only temporary inconvenience until their places are filled, which will be within a short time.

President Taft told the hourly employes, who demanded ten cents an hour increase and six weeks instead of two weeks vacation with pay that he thought more vacation than they were receiving was justified.

President Taft spent the day inspecting the Pacific division locks and he enjoyed a four mile sail on the Pacific entrance to the canal in a tug. He will make a stop of several hours at Guantanamo on Saturday afternoon to inspect the proposed naval base.

AMUSEMENTS

Greatest Play of Years.

Monday night the Academy is to offer a big Henry W. Savage production, which alone testifies as to its high rder. When it is said, too, that the attraction will be the most noted of all dramatic successes for several years, "Madame X," assurance of merit is made doubly sure. This really wonderful play will be presented by the same cast that had the long New York run and both the company and play have been pronounced superb by the Southern press. Lavish praise has been given the attraction in North Carolina and the Greensboro Daily News proclaimed it "the best of the season." Its criticism on the attraction follows:

"Without a doubt the strongest play of the local season appeared at the Grand last evening in 'Madame X.' Strong in design, and with a caste of unusually strong individuals, the play rivals, if it does not surpass, 'Cameo Kirby,' with which Dustin Farnum and his company made a powerful impression in Greensboro. Intense feeling makes the plot of the play seem as if taken from actual life, and the apparent divineness of the feeling compels sympathetic attention.

"'Madame X' is a story of a woman who does not love her husband, who is driven from home, who becomes entangled with another man, and who all the time retains a mother's strong love for her son. Money is involved which concerns her son, the man whom she is with plans to get the money, and the woman, to keep him from the act, and to prevent her identity becoming known to her son, shoots him.

"The strongest scene by far is the third act, when the woman is on trial in the Assize court for murder. Her son defends her without his knowledge, but recognized by her. Her husband sits on the bench and husband and wife recognize each other. The defense of the son is such an impassioned appeal that his mother, who has refused to answer all questions, is constrained to give the causes underlying her act, and the jury returns a verdict of not guilty.

"The scene in which the mother and son are together, and in which the son knows her as his mother, is as inspiring as stage play can make it.

"'Madame X' in the cast as Jacqueline, the wife of Louis Floriot, is played by Mabel Montgomery, and the manner in which she goes through the many trying and difficult scenes causes the pronunciation that she is the best actress that has appeared in Greensboro this Fall."

Seats for the presentation of "Madame X" in Wilmington will go on sale at Plummer's tomorrow morning.

"Girls" Pleased.

Clyde Fitch's comedy, "Girls," was presented at the Academy of Music last night to a large audience, some of whom were pleased while others were somewhat disappointed. There was some fine comdey and several clever situations. The cast of characters, for the most part, were good. Miss Alice Pennoyer played the part of the noisy red-haired maiden, in a manner to leave nothing to be desired. Misses Marshall, Guyon and Mortimer, the three "Girls" who were confirmed man haters, acted their parts well; Mr. Francis Raymond, as Bert Lord, and Ralph Herbert, as the midnight intruder, handled their parts well.

At Joyland.

The feature film at this popular little theatre for today will be a very interesting story of a young man who inherits a large sum of money and is just saved from ruin by the kind advice of his mother. "Saved by Himself" and "The Ghetto Seamstress" are other films that should not be overlooked.

At the Bijou Today.

"The Engineer's Sweetheart," a thrilling railroad story, and "The Attack on the Mill," an episode of the Franco-Prussian war, adapted from the story by Emile Zola, are the feature pictures that will be shown at the Bijou theatre today. They are excellent pictures and will doubtless attract large audiences.

The Crystal Palace.

The mid-week change of programme went on at the Crystal Palace yesterday and large crowds were in attendance at each performance. The bill this week is one of the best yet offered and the patrons are well pleased.

GAYNOR CAUSES SHAKE-UP.

Shift of Detective Force in New York Affects 600 Men.

New York, Nov. 17.—The big shake-up in the police department that has been predicted ever since Mayor Gaynor took office, came today. The changes made shift the entire detective force onto a new footing.

Beginning Saturday morning there will be no more branch detective bureaus in any of the boroughs except Brooklyn, which by geographical necessity has always been something of a law unto itself. Detectives will no longer report to Captain of Precincts r inspectors of districts, but to a lieutenant captain of detectives, who will be directly responsible to the inspector at headquarters in charge of the entire bureau, who in turn is under the second deputy commissioner, William Flynn. In short, the plain clothes man, the handyman of captains and inspectors, the ready errand runner for "the system" has come to the end of his rope, and the city will hear no more of him.

Detectives will be no part of the precinct command and will work independently of the uniformed police. This is the policy of the English detective force, which works under Scotland Yard, a centralized control, and it is also in line with the policy of the secret service in this country.

When a crime is reported, the complaint will be turned over to the lieutenant captain in charge of detectives for the precinct and also transmitted over the department wires to headquarters. Sixty men will be kept there for emergency assignments and special work. The clerical force, numbering 100 men, will take their turn on the street and all the precinct men will be kept at patrol work.

More than 600 detectives will be affected by the new order. They will have nothing to do with gambling, disreputable houses and keeping the street clean of soliciting, which will be looked after by a special vice squad. Their business will be to run down criminals and nothing else. They will even refrain from making arrests wherever possible, leaving that to the uniformed officer.

VIRGINIA MERCHANT SUICIDE.

Rhoadesville Man Hangs Self in Rear of His Store.

Rhoadesville, Va., Nov. 17.—William E. Wright, a leading merchant of this place, was found dead today in a room in the rear of his store. He is believed to have hanged himself. Wright had been acting strangely of late and arrangements had been made to send him to a sanitarium. He leaves a wife and five small children.

Life's Blessings

For the mother in the home to be strong and well, able to devote her time and strength to the rearing of children, is one of life's greatest blessings. Often the bearing of children injures the mother's health if she has not prepared her system in advance for the important event. Women who use Mother's Friend are saved much of the discomfort and suffering so common with expectant mothers. It is a penetrating oil that thoroughly lubricates every muscle, nerve and tendon involved at such times, and thus promotes physical comfort. It aids nature by expanding the skin and tissues and perfectly prepares the system for the coming of baby. Mother's Friend assures a quick and natural recovery for every woman who uses it. It is for sale at drug stores. Write for free book for expectant mothers.

BETTER CONTROVERSY UP.

Electrical Workers' Union Before Federation of Labor.

St. Louis, Mo., Nov. 17.—The so-called Electrical Workers Union controversy, which for two years has been the most bitter internal conflicts in the history of the American Federation of Labor is to be threshed out finally tomorrow. Late this afternoon the convention made it a special order of business before the entire delegation at noon, following the opening of tomorrow's session.

The struggle between the disrupted factions of the electrical workers was twice brought to the attention of the convention, first when a special committee was appointed to consider it and make a report before final adjournment next week, and again late this afternoon when it practically was taken from the committee.

The Electrical Workers are divided into two camps, the socialists, and the "regulars," each clamoring for recognition by the federation.

Jobe Harriman, attorney for the strikers in Los Angles, delivered a plea for support in the Los Angeles labor fight. He declared the Los Angeles Times disaster was the result of a gas explosion, for which labor could not be held to blame. The matter of aiding the Los Angeles Trades Union in their first fight is in the hands of a committee to be reported next week. It is said the federation delegates are almost unanimous in support of a proposition to make the Western city the battle ground of the labor struggle in the United States.

The annual banquet of the Federation was held tonight, attended by President Gompers and almost all the delegates.

WATKINS CASE CONTINUED.

Trial of Black Mountain Constable Again Deferred—Other Cases.

(Special Star Telegram.)

Asheville, N. C., Nov. 17.—Just at the moment that the attorneys for the private prosecution and the defense in the F. C. Watkins homicide case were preparing to go into the trial of the case Monday as agreed, Judge Council announced this afternoon that the case would be continued until the February term of court. It is understood that since the docket is congested with retailing cases and the Republican Solicitor Mark W. Brown, who retires December 1st desires to clean up a number of the small cases, that he wishes this case to go over to the next term. It will take about four days to try it and Judge Council did not care to go into a case that would run over into succeeding week. The solicitor is on a fee basis that makes desirable the fourth continuance since the misterial over a year ago. Watkins is charged with killing J. H. Bunting, of Wilmington, at Black Mountain. It is also understood that Dr. Clarence Pickins, who is charged with killing Jerome and Furman Capps, three months ago, at Weaverville, will not be tried at this term. Two true bills were returned today.

John Goodlet, a negro, charged with wife murder pleaded guilty in the second degree and was sentenced to ten years in the penitentiary. Goodlet after killing his wife on Eagle street in a fit of jealousy, escaped. He was captured in Walhalla, S. C., as he said he was on his way to Asheville to give himself up as his wife's ghost had followed him ever since.

WOOWARD NOW TO SING SING.

Member of Honored Pennsylvania Family Given Limit of the Law.

New York, Nov. 17.—Lee P. Woodward, 49 years old, a college graduate and a member of an old and honored Pennsylvania family, was sentenced in General Sessions today to five years at Sing Sing and adjudged a habitual criminal. He was charged with cashing a worthless check. It was an affidavit from Woodward's former wife that caused the judge to give the prisoner, who has served several prison terms, the limit for his offense.

Mrs. Carrie Woodward, the man's former wife, said that during their married life, Woodward was in constant trouble. "In my belief," she added, "he is beyond redemption. Nothing can induce him to lead an honest life."

TERRELL TO THE SENATE.

Appointed in Georgia to Succeed Senator A. S. Clay.

Atlanta, Ga., Nov. 17.—Governor Brown tonight announced the appointment of former Governor J. M. Terrell as United States Senator to succeed the late Senator A. S. Clay, who died in Atlanta last Sunday.

Ex-Governor Terrell will serve as Senator until the Legislature meets in June to elect a Senator to fill the unexpired term of Senator Clay.

Havana, Nov. 17—The Detroit baseball team was today defeated by a score of 2 to 1 by the Almendaros team in eleven innings.

FRECKLES

November Worst Month for This Trouble. How to Remove Easily.

There's a reason why nearly everybody is freckled by the winds of Autumn, but happily there is also a cure for those ugly blemishes, and no one need stay freckled.

Simply get one ounce of Othine—double strength from J. Hicks Bunting and apply a little of it at night, and in the morning you will see that even the worst have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they will stay all Winter and spoil an otherwise beautiful complexion. Money back if it fails.

AFFAIRS IN OLD COLUMBUS

Serious Fire Averted—Work on Charlotte to Wilmington Highway. Inspecting Cattle—Moonshiners Active.

(Special Star Correspondence.)

Whiteville, N. C., Nov. 17.—Yesterday evening, about dark, the kitchen attached to the pretty residence of Mr. Homer L. Lyon was found to be afire, and for a time the flames threatened to destroy his residence, as also the new home built by Mrs. Burkhead, only a few feet away. Fortunately several young men were at hand, and with Mr. Lyon, water was drawn and the flames subdued without very serious loss.

Rev. J. R. Caines, a Baptist minister of Chadbourn, is one of the most up-to-date and successful farmers in Columbus county, and is the champion strawberry grower. On a 20-acre farm Mr. Caines supports his family and clears money every year.

The convict force in Columbus county will be next set to work on the Wilmington-Charlotte highway. The friends of good roads are now working up public sentiment for a bond issue, to build good roads throughout the county. It is proposed to first set in on the projected highway as soon as the route is definitely decided on, and after that take one road leading from the court house in every direction and put it in thorough repair. As many of our townships have no railroads, it is proposed to have a county bond issue, so that these sections may get their share of the corporation tax.

Mr. T. S. Memory, of Whiteville, is shipping a great many of his fine Buff Orpingtons over the State. Several of our citizens are going into the raising of fine poultry, and they intend next Spring to hold a chicken show in Whiteville and offer nice premiums. They count on the Wilmington poultry raisers to help them out.

At the request of several citizens of Whiteville, the Department of Agriculture last week sent a man here to examine stock and see if the cattle had tuberculosis or any other injurious and contagious disease. The party remained three days in Whiteville and made tests of the cattle of Messrs. S. E. and J. L. Memory every hour in the day and until 10 o'clock at night. He remained in the lots and closely studied the cows, taking their temperature with a thermometer. He stated that they were sound and in a perfectly healthy condition. This expert stated that just before coming to Whiteville he had visited a certain college in the State and condemned and had killed 16 head of cattle, which were badly infected. He says the stock he examined in Columbus were in splendid condition and their milk could be used with confidence. Any one can have their cattle examined without one cent of expense by writing to the Agricultural Department at Raleigh, but they must agree to abide by the decision rendered, and if cattle are found diseased, and they cannot be cured, must submit to having them killed.

Next Sunday Rev. D. C. Geddie, the Methodist pastor, will preach his last sermon before conference. Our people hope Mr. Geddie will be sent back, as he has won the hearts and confidence of all, irrespective of denomination.

The moonshiners in the lower section of Columbus and over the Brunswick line are starting up their stills again, and people living out in the country say drunkenness is increasing at a rapid rate. They want the officers to begin raiding and break up this business.

CUTTERS TO PATROL SOON.

Winter Cruising Along Atlantic Coast Begins December 1st.

Washington, Nov. 17.—The Winter's toll of shipwreck and death along the Atlantic coast will probably be lessened this year because of an order which President Taft has given for the protection of the seafaring men.

On the morning of December 1st, ten of the staunchest revenue cutters on our Atlantic side will slip out to sea from their home stations to begin a patrol which will not end until April 1, 1911. The Woodburry, Androscoggin, Gresham, Acusnet, Mohawk, Apache, Onondaga, Pamlico, Seminole and Yamacraw have been chosen for the work.

Wtih the exception of brief visits to port for supplies during those four months the grey hounds will be continually at sea, patrolling the coast from Eastport, Maine, to Cape Canaveral Florida, with a sharp eyed lad always in the crow's nest and the wireless ready for the "S. O. S." of some luckless sailorman caught in the clutches of the gale.

During the last year, the revenue cutters brought relief to 156 vessels and saved many lives.

The cargoes of saved ships alone valued at more than $10,200,00.

TENNESSEE CITIES.

Increase in Population at Memphis and Knoxville.

Washington, Nov. 18.—Memphis, Tenn., has a population of 131.105 according to the statistics of the thirteenth census, made public tonight. This is an increase of 28,785 or 28.1 per cent., over 102,320 in 1900.

Knoxville, Tenn., has a population of 36,346, according to the statistics of the Thirteenth Census made public today. This is an increase of 3,709 or 11.4 per cent., over 32,637 in 1900.

Knox county, Tennessee, containing the city of Knoxville, has a population of 94,187 compared with 74.302 in 1900.

AFFAIRS AT STATE CAPITAL

One of Five Injured in Automobile Accident, Succumbed—The Speakership—Several Charters—Notes.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 17.—Ada Bryant, colored, one of the three people severely injured last evening in the terrible automobile accident at the State fair grounds in connection with the flying machine and automobile meet, died this morning at St. Agnes Hospital.

Mrs. A. H. Mooneyhan, the white lady whose injuries were feared to be fatal, is reported today doing well with some hope for recovery. A leg is broken and three ribs crushed in. In addition there are internal injuries, the extent of which can only be shown by developments. The third very seriously injured person, Alice Castleberry, colored, is improved slightly, with some probability of recovery.

Hon. J. R. Young, State commissioner of insurance, was an eye-witness of the accident, which he pronounces the most appalling thing he ever saw. At the point where the 60 horse-power machine left the race track and plunged through the fence and into and over the crowd of spectators there is a high embankment down which the people, men, women and children, tumbled over each other in their efforts to get out of the way. The wild machine seemed to literally dash over a bed of human bodies as it plunged down the embankment and out into the open grounds some 40 feet before it was stopped by Driver Woollcott, who seized the wheel when his wife lost control. Mrs. Mooneyhan seemed, Mr. Young says, to have been caught under the machine and dragged a little distance. This was also the case with the two negro women. The machine seemed to have plunged over the forms of the other people under it, of which there were well nigh scores, without its real weight having pressed upon any of them. This was doubtless due to the momentum the racer had as it skidded and made the dash off the embankment. The fact is, the embankment is believed to have really saved scores of lives.

Miss Eula Baucom, of Apex, was injured more seriously than was at first thought, and is being treated at the home of a kinsman here. Miss Sallie Lineberry, of this city, was also right painfully injured.

The Speakership of the House of Representatives of the 1911 General Assembly is coming to be an absorbing topic now with the keenest interest in the probable outcome of the contest that is now on with at least four strong candidates. The impression prevails here that Hon. W. C. Dowd, of Charlotte, who was a strong candidate before the two last Legislatures for this high honor, has the chances for success strongly in his favor. His nomination in Mecklenburg some months ago was equivalent to election and his friends insisted upon his candidacy for the speakership this time being made clear immediately after the nomination, so that there was valuable time for marshaling his full strength before the announcement of other candidates. "Dowd stock" for the speakership, hereabouts is especially strong.

Representative Koonce, of Onslow, county, is another candidate for the speakership. He has been in the Legislature for quite a number of terms and has many friends. He introduced the Texas anti-trust law in the last Legislature for enactment as a North Carolina "trust buster," but had it "knifed in committee" and its slaughter completed on the floor. It is said that he is planning to introduce it again this session and has assurances of far stronger support.

John B. Koonce, former corporation clerk in the Secretary of State's office here, and later holding for quite a while a desk in the United States Internal Revenue office here, and who left last year to undertake rice growing on irrigated lands out in Arkansas, is here after having harvested his first rice crop, to take his family back with him to make their new home. He is greatly pleased with his prospects there. His farm is near Lonoke, Ark.

The Bank of Star, Montgomery county, was chartered today with $10,000 capital by Ernest Leach and others for commercial and savings business. The Saluda Telephone, of Saluda, Polk county, is chartered with $1,000 capital by W. C. Roberson and others. Another charter is to The Terminal Hotel Co., Hamlet, capital $50,000 by J. L. Lank and others.

CREATED SCENE IN COURT.

Aged Man Seized at Trial of Mrs. Caroline B. Martin.

Newark, N. J., Nov. 17.—There was a somewhat exciting interlude today in the hearing on the mental condition of Mrs. Caroline B. Martin, when a man about 70 years of age, whose peculiar action and inquiries excited the suspicion of the court attendants, was seized by them. On his being searched in the ante-room a fully loaded revolver was found in his pocket. His name was said by the police to be Oliver B. Matthews, originally of South Carolina, now of Newark.

Court officers learned, they said, that he had been for some time an inmate of the Overbrook insane asylum and had been paroled. He will be returned to the institution. The man had asked for Mrs. Martin, who is one of the surviving Wardlaw sisters, indicted for the alleged murder of Ocey W. M. Snead, at East Orange, and brought a boquet of roses and carnations which he said he wished to present to her.

"If there was any such delay in the South a sthere has been in this State," he declared, "both the judge and the lawyers would be shot." It was this remark which led the court officers to suspect the aged man's mental soundness and to seize him. He afterwards disclaimed any intention of using the revolver and said he did not even know he had it with him.

The examination of witnesses in the Martin case was continued.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Incd.] Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Friday, November 18, 1910.

When we are surrounded by luxury we have to surrender to high prices.

On to Charlotte-Salisbury-Asheville. Clear the track for the Sea to the Mountains Highway.

Good roads and drainage will make eastern North Carolina the finest country on the globe. Increased rail and water transportation will make it the most desirable region on the face of the earth.

Says the Raleigh News and Observer: "Whiskers have come back." Well, we know of one set of whiskers that failed to "come back" in North Carolina politics. Those whiskers will have to go back to Washington.

Winston-Salem is not necessarily a baseball town because it has been giving all those Methodist preachers the fowl tip this week. Talk about aviators, but it takes a Methodist Conference to make the feathers fly.

Russell G. Colt, millionaire husband of Ethel Barrymore, the actress, emphatically denies reports that an estrangement has marred their matrimonial relations. This sets at rest stories that might indicate that either of the Colts has been skittish.

If corporations are guilty of wrong doing some individual is at the bottom of it. The guilty man or men might get good if they are handcuffed to the inanimate corporation when its punishment is meted out. The real culprit would then get what ought to be coming to him.

Hon. John W. Kern, who will be elected to the United States Senate, declares he will carry that bunch of whiskers to the Senate Chamber. Well, if he does those onion-faced Senators will be up against it when they get to splitting hairs with Indiana's new Democratic Senator.

See grandma in her corner sitting
With her own hair parted in the middle,
Demurely sat she nimbly knitting,
Listening to grandpa's whiny fiddle.
Ah! yes, but since then Time's been flitting,
Now grandma buys her hair and "rats" galore,
She's up-to-date and does her sitting
In cozy parlor—knitting? Nevermore!

Says the Greensboro News (Rep.): "Now that the election is over, let's all pull together to boost our respective cities." That's the stuff. The candidates have gotten the offices for two years and the balance of us will have to live together, unanimously consider the bread problem, and cooperate as a whole in building our cities and developing North Carolina. Politics—bah!

It was impossible for Jakey Riis to "lie low" after seeing his Oyster Bay idol toppled heels-over-head by the Democratic landslide. Jakey has submitted to an interview in which he declares that getting snowed under makes Colonel Roosevelt the logical Republican candidate for President in 1912. Jakey doesn't have to lie low when he can buoy up his fallen idol by a good sample of tall lying.

In Kansas City on Tuesday, Col. William J. Bryan is reported as saying: "I woud not promise not to be a candidate in 1912, but I expect not to be." We don't know whether Col. Bryan said it or not, but it makes him talk like a man who does not know exactly where "he is at" till he finds out whether the Democratic landslide means anything to him or not. No man should decline the Presidency before he finds out whether he is wanted or not.

AN INSPIRING OCCASION.

That was an inspiring occasion at Salisbury on Wednesday when a $15,000 monument was unveiled to the memory of 2,500 Pennsylvania soldiers who sleep in the National cemetery at Salisbury. In that cemetery lie buried 11,000 soldiers who wore the blue, and already Massachusetts has erected a monument to the dead of that State. The monument to Pennsylvania's dead was unveiled on Wednesday when Confederate veterans and Southerners joined Federal veterans and Northerners who had come to pay tribute to the brave soldiers who died in the Confederate prison at Salisbury during the Civil War. This occasion awakened sad memories of the horrors of war, but the spirit which actuated the Northerners and Southerners in uniting to pay a tribute to the martyrs of the Nation's strife beautifully illustrates the highest type of Americanism. The Salisbury Post on Wednesday, in speaking of the event, says:

"Salisbury is today entertaining honored guests from the great State of Pennsylvania, who are here on a mission of love, to dedicate a memorial shaft in honor of their brave soldiers who died in the Salisbury prison. The keys of the city have been turned over to the visitors and they are welcome to our hearts and our homes. The line between the North and the South is obliterated; the Blue and the Gray meet together in amity in Dixie Land. We are a united people and have one common heritage—the glory of the greatest Nation in the world. Again we welcome the visitors to Salisbury and trust their brief stay with us may long remain a beautiful memory."

Governor Stuart, of Pennsylvania, and seevral hundred Pennsylvanians, including veterans and ladies, visited Salisbury on this occasion, and Salisbury extended them a generous reception and sacred co-operation which all North Carolina had done if her people could have been gathered in Salisbury. Salisbury did the honors for the Old North State.

CORN GROWING EXTRAORDINARY

North Carolina's extraordinary corn growing record is being revealed and it seems the boys making contests for the prizes offered the corn clubs are taking the lead. Mr. T. E. Browne, of Ahoskie, N. C., writes that he helped to measure the corn grown on John Lester Forshand's contest acre in Chowan county, and by actual weight the boy produced a fraction more than 140 bushels per acre. Lester is only 13 years of age and Mr. Browne says his yield was the largest pile of corn he ever saw on one acre. Charley Parker, of Menola, Hertford county, made 132 15-56 bushels on his prize acre, and his brother on two acres gathered nearly 255 bushels.

Mr. Browne writes that "Charley Parker beat the Chowan county contestant in the number of tabs but was left in weight of shelled corn because he pulled the fodder. Lester Forshand did not pull his fodder and his corn was the heaviest I have ever measured." He states that a number of Hertford county boys made over 75 bushels per acre. Plato Mitchell, only 12 years of age, made 95 bushels on his acre, while 12-year-old Barnes Williams gatherel 75 bushels. Mr. Browne says "the boys of the county are excelling their fathers raising corn," though the yield of corn in Hertford county will be double what it was last year.

The fine records of the Chowan and Hertford boys and the largely increased yield of the farmers generally are attributed to the Boys' Contest and the Farmers' Co-Operative Demonstration Work. It is a good work which the State Agricultural Department is doing for North Carolina. It is teaching the boys to show the farmers how to raise corn. If boys can raise from 75 to 140 bushels of corn per acre the farmers ought to do the same thing and at least double the corn crop throughout North Carolina.

Do your Christmas shopping early—unless you owe the groceryman.

Col. Roosevelt dug that hole in the wall for the new nationalism that is being eaten to a frazzle by quick lime.

Wilmington should go forward, but in order for her to do it every man must do his part in tugging at the traces.

Successful candidates' pictures now appearing in the newspapers would indicate that they have been up against it while getting elected.

EDITOR SHARPE'S CARD.

Linotypes Made Him Say Exactly What He Didn't Intend to Say.

Lumberton, N. C., Nov. 16, 1910.

To the Editor of the Star:—It is with extreme reluctance that I trespass again upon your patience and the patience of your readers. When a statement is once made that needs correcting it is hard to overtake. First, I was the victim of an erroneous statement, born of misunderstanding, and when I undertook to correct that statement your billustrious linotype made me say exactly the opposite of what I wrote. If you will kindly correct the offending sentence to read, as I wrote it, "Inasmuch as I have NEVER made a remark to any child, Mr. Redfern's or any other, at which the most jealous father could take offense, that does me an injustice," I am willing to let it go at that.

THE DEMOCRATIC POLICY.

Representative Champ Clark, of Missouri, who no doubt will be the next Speaker of the House of Representatives at Washington, naturally feels good over the great Democratic victory won in the election, November 8th. Feeling joyful in anticipation of the gratification of a long cherished ambition in connection with the party's success, Mr. Clark has exclaimed: "Now for constructive statesmanship." He also said some other things but we are with him on that constructive statesmanship.

What the country and particularly the Democratic party expects of its leaders is statesmanship of a high order and not peanut politics. We do not anticipate peanut politics, for we have enough confidence in the Democratic Senators and Representatives to expect from them a legislative programme that will benefit the party and do a great work for the Nation. No party in power at Washington is expected to deliberately pursue a wreck and ruin policy, and the last party to expect that from is the Democratic party whose principles are expressed in the very life of the Republic. People who tremble at Democratic success have no ground upon which to stand amid fear.

The Hon. Champ Clark, nor no other Democratic Representative or Senator, has a right to declare what the Democratic programme will be. Each has a right to express his opinion about what that programme should be, but the policy of the party is yet to be decided when its National representatives and leaders get together and come to a definite conclusion. The Baltimore Sun has suggested a conference of leading Democrats at Baltimore for the purpose of formulating the policy to be recommended to the Democratic majority in the next Congress. Such a conference is an eminently wise step to take and the Sun, which had a great deal to do with the victory which has been won, has done a good thing in suggesting a conference of the party's leaders. There are many strong men in the Democratic party and Maryland has one of them in the able and distinguished Senator Isadore Raynor, whose Democracy as outlined by him in a series of ante-election articles in the Sun paper, are good enough and wise enough to bring the party's leaders together upon a policy which would be acceptable to a majority of the people of the United States. Senator Rayner and other Democratic statesmen could get together and we don't think they would be very far apart at the conference which has been suggested and which inevitably will be held. Such a conference ought to be held, and it will be held because the suggestion is meeting with favorable responses and recommendations from Democratic leaders of National prominence. Senator Overman, of North Carolina, declares such a conference should be held by all means. Democratic Governors, Senators, Congressmen and leaders, North and South, express practically the same opinion as Senator Overman, but the Hon. William Jennings Bryan, of Nebraska, is credited with doubting "the practicability of the sugestion." Col. Bryan has said this about it:

"Everything would depend upon the personnel of the unofficial members of the conference, and that would depend upon the person or committee making the selection. I think it better to trust the Democratic Senators and members of Congress. They are elected by the people and must bear the responsibility. Individuals desiring to advise can do so without a conference, and the Senators and Congressmen are always at liberty to consult whom they please."

Some of our Democratic contemporaries are inclined to favor the proposed conference because Col. Bryan doubts its practicability. However, Col. Bryan is quite correct when he says everything would depend upon the personnel of the conference. It is quite possible that a lot of Democrats, sound or unsound, might get together in Baltimore and declare a policy for which neither the majority of the party nor the American people might stand, but that is hardly possible. As a matter of course, such a policy as might be adopted by a conference of any kind of Democrats at Baltimore need not necessarily be binding. It would be merely suggestive, but in all liklihood the formulations of such a conference would be entitled to respect. However, that remains to be seen. It depends upon what the conference does.

After all, the attitude which the Democracy is to occupy in the next two years depends upon the wisdom of the Senators and Representatives of the party who are to do the legislating in the next Congress. Doubtless, the Democratic caucus at Washington will to some degree formulate the Democratic policy and programme, but if either the Democratic conference at Baltimore or the Democratic caucus at Washington govern themselves according to Democratic principles, we do not see how they can go very far wrong. At any rate, we do not see anything either improper or impracticable in a conference of Democratic leaders to be held in Baltimore in accordance with the Sun's suggestion. Indeed, we do not see why Mr. Bryan should not be invited to that conference so we can ascertain whether we are to have several kinds of Democrats or a united Democracy.

The proposed Democratic conference at Baltimore might furnish us a spectacle or it might give us an exhibition of concentrated wisdom. Hold the conference and let the Democracy be the judge.

CURRENT COMMENT.

Senator Kern takes his whiskers to the Senate, but he does not count upon anyone mopping up the floor with 'em.—Richmond Virginian.

Our guess is that Hoke Smith will be elected United States Senator from Georgia next Summer. No; we have no "ruthers" about it.—Asheville Gazette News.

The Wilmington Star has a mean disposition. Hear it—"John W. Kern, who will be the Democratic Senator from Indiana, refuses to 'shave off those darn whiskers.' Probably he will make up his mind to do so when he goes to Washington and sees Marion Butler and his whiskers in the lobby." Butler, like his illustrious boss, Teddy, has not chirped since the coal train ran over him. Why should the Star rub it in?—Greensboro Record.

Watch for some fun pretty soon in Greensboro. The firemen are going to purchase a number of the devices for catching the fool who turns in a false alarm of fire. When the alarm is pulled the man who pulls it is handcuffed and cannot get released until the Chief of the fire department unlocks the thing. This will cure the practice. It is hoped that reward of $50.00 will cause the arrest and conviction of the scamp who sent in a false alarm Monday midnight, when the wind was so high that the houses rocked and fences went down.—Greensboro Record.

The Citizen believes in the full protection of the ballot box, and for that reason it calls attention to the fact that the existing election law provides that the polling booths of the county may be roped off for a space of fifty feet on election and primary days. The object of such provision is evidently to save the voter the annoyance of being pulled and hauled about by vote buyers and ward heelers, and The Citizen has always regarded it as a good measure. Roping off the polls is one of the commendable features of the Australian ballot system, and it is one of the provisions which is carried out to the letter wherever the Australian ballot is in vogue. A man's vote is actually a ballot under such circumstances, in that it is secret and really expresses his choice. We have frequently remarked that the right of franchise is one of the highest privileges of citizenship, and every safeguard that lends dignity to it should be thrown about it. The roping of the polls should be as much a law as that which rightfully requires candidates to publish their campaign expenses and it ought to be adopted.—Asheville Citizen.

A notable development during the last few years in the rural districts of many sections of the country is the redeeming and utilization of waste lands through reforestration. It would be hard to estimate the number of acres of waste land in the State of North Carolina or even in Wayne and Duplin counties, but it is safe to presume that if it were all in one tract that a vast majority of the people would be surprised and shocked. As a matter of fact the loss is just as great as if it were all in one tract and the work that the forestry bureau of the National Department of Agriculture have done is beginning to bear fruit. Many of the larger land owners of the State have adopted the policy of planting trees in their waste lands All land that is so badly washed that it is beyond cultivation may in many instances be redeemed by this means, besides securing a profit from the timber that is raised. Of course it takes years to produce marketable timber, but meanwhile the process of restoring the land to fertility is going on and besides that the growing timber, by holding water, will benefit the adjoining lands. It is probably a fact that there are several thousand acres of land even in this section that are not only unfit for cultivation but are really a menace to the surrounding lands because they simply shed the water when it rains and cause the other lands to wash too. The work of planting this land in seedlings or young trees could be done at little cost and would result in great things in two or more decades, while the effect on the surrounding lands would be felt within ten years. Much aid in this work, in securing definite directions for doing the work and ascertaining the best timber for the respective soils, could be secured in bulletins from the national forestry bureau at Washington.—Mount Olive (N.C.) Tribune.

THE UPPER CAPE FEAR.

Plans for Locks and Dams Being Prepared by Department.

(Special to News and Observer.)

Washington, D. C., Nov. 16.—Before returning to the State, Senator Simmons had a talk with General Bixby, chief of engineers, at the War Department, regarding the work of canalizing the upper Cape Fear, for which the last Congress made an appropriation of $615,000. The plans for the two locks and dams to be stationed between Wilmington and Fayetteville in the construction of the canal, are being prepared at the War Department.

It will be several months before this work is completed. Early next Spring actual work in the construction of the canalization scheme will begin, under the direction of an army officer, who will be stationed at Fayetteville.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across the floor without my heart fluttering and I could not even receive a letter. Every month I had such a bearing down sensation, as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has done my nerves a great deal of good and has also relieved the bearing down. I recommended it to some friends and two of them have been greatly benefited by it."—Mrs. MAE MCKNIGHT, Oronogo, Mo.

Another Grateful Woman.

St. Louis, Mo.—"I was bothered terribly with a female weakness and had backache, bearing down pains and pains in lower parts. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sanative Wash and now I have no more troubles that way."—Mrs. AL. HERZOG, 5722 Prescott Ave., St. Louis, Mo.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

MR. WM. H. SPRUNT RESIGNS

Severs His Connection With County Board of Education—Resolution of Regret Adopted by Board—Successor.

It was with deep and genuine regret that members of the County Board of Education, in regular montnly session at the Court House yesterday afternoon, accepted the resignation of Mr. Wm. H. Sprunt, who has been a most active and valuable member of the board since 1898, and than whom there is no man in the county more interested in education.

Mr. Sprunt has been considering the matter of tendering his resignation for some time, owing to the increased demands of business, and other public duties, but only recently did he reach a definite conclusion to relinquish his membership on the board in which he has been of such great service to the entire county.

The meeting was presided over by Chairman J. O. Carr and in attendance were Messrs. W. H. Sprunt and D. J. Fergus, members of the board; Prof. Washington Catlett, superintendent, and Mr. H. McL. Green, county treasurer. The books of the county treasurer as relate to the school fund were audited and routine matters were considered. Prof. Catlett reported a fine attendance at all the rural schools and also that the contractor had placed an order for the materials to be used in the new school building at Greenville Station, work to begin now in a short time. The resignation of Mr. Sprunt was read, as follows;

"Wilmington, N. C., Nov. 1, 1910.

"Mr. J. O. Carr, Chairman, Board of Education of New Hanover County, Wilmington, N. C.

"Dear Sir:—The demands of our business, and of other public duties, are such that I must reluctantly tender this, my resignation as a member of the Board of Education of New Hanover county.

"In severing my long connection with the school authorities of the county, I desire to express my hearty appreciation of the very cordial relations with the members of the Board of Education, with our faithful superintendent of education of the county, Mr. Washington Catlett, and with Treasurer H. McL. Green. Our intercourse has been most pleasant and harmonious.

"I wish for you, personally, and for the school committeemen, the utmost success in the very important cause of education.

"Very respectfully,

"W. H. SPRUNT."

Members of the board and Prof. Catlett expressed their personal regrets at the resignation of Mr. Sprunt and the latter also made some feeling remarks in which he spoke of the cordial relations existing between the members of the board and said that he deeply regretted that the demand upon Mr. Sprunt's time made his resignation necessary. The following resolution was then offered by Chairman Carr and adopted:

"Resolved, That the members of the Board of Education of New Hanover county accept the resignation of Mr. W. H. Sprunt as a member of the said Board at his earnest request; but in doing so we express our deep regret that his other duties make it necessary for him to tender his resignation as a member of this Board, and we extend to him, on our behalf and on behalf of the people of New Hanover county, whom he has so long and so well served, our profound appreciation of the valuable and unselfish services he has rendered in the interest of public education in New Hanover county.

"Resolved further, That the resignation, together with this resolution, be spread upon the minutes of this Board."

Mr. Sprunt has been connected with the schools of the city and county for a long number of years and the cause of education never had a better friend than he. Since 1898 he has been a member of the County Board of Education and his entire service of twelve years has been with that devotion and fidelity to the cause of education that has marked his successful business career. For several years he was chairman of the board. The Board of Education sustains a deep loss in his retirement and the information that he is no longer connected with the board will be received with much regret throughout the county. His successor will be named at a later meeting.

WASH THAT ITCH AWAY.

It is said that there are certain springs in Europe that give relief and cure to eczema and other skin diseases. If you knew that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25 cent bottle today. We assure you of instant relief.

CONFERENCE ON SEWERAGE

Board of Aldermen, Water and Sewerage Commission and Board of Audit and Finance May Meet in Joint Session.

In accordance with a suggestion made at the meeting of the Board of Audit and Finance Tuesday night by one of its members, Capt. Thos. D. Meares, the clerk, has directed communications to the Mayor and Board of Aldermen and the Water and Sewerage Commission suggesting a conference of the three bodies to give final consideration to the proposition to purchase the existing sewerage system, r any portion thereof which may be found of service in the proposed new and more modern sewerage system.

It is understood that Mayor MacRae will call the meeting to be held at the City Hall Saturday afternoon at 5 o'clock, this time appearing to be more convenient for members of the three boards. The Aldermen have passed on the matter twice, declining in both instances to consider the purchase of any portion of the existing plant, and it is understood that some of the Aldermen will not attend the meeting tomorrow. It is presumed that the Wilmington Sewerage Company will have representatives in attendance to present the sewerage company's side of the proposition and there will also be present engineers representing the city. If action is taken at the meeting Saturday afternoon, it is generally hoped that this will be the final disposition of the question, so that active work of installing the enlarged system may be undertaken without further delay. The Water and Sewerage Commission, it is understood, is ready to go forward with the work and all that is necessary is the formal word to come forth from the Board of Aldermen and Board of Audit and Finance. However, the Board of Aldermen, as stated above, have already passed on the matter and adopted a resolution instructing the commission to proceed with the installation of a new plant. It was thought that the Board of Audit and Finance had done the same until the point was made at the meeting Tuesday night that the action was taken at a joint meeting of the two boards and was therefore not legal. Hence the object of the conference on Saturday to re-open and thrash out the matter anew.

GARDNER NOT SEEN HERE.

Assumed Name of Fugitive "Cohen" Does Not Appear on Registers.

Joseph Gardner, the Seattle fugitive, who is alleged to have stolen $54,700 and was arrested in Norfolk Wednesday, according to an Associated Press dispatch yesterday, going there from this city, where it is said he spent several days, probably registered under another name here than that given by him in Norfolk, as "M. Cohen." A search over hotel registers yesterday did not reveal the name of any such person.

Detectives, which have been chasing him across the continent, it is said, followed him to this city. A man who spent several days here last week and gave his residence as Rochester, N. Y., is believed to have been one of the sleuths on his trail. The arrest was made by Detective Dan S. Lehon, of New Orleans. Gardner practically admitted his guilt.

The following was received by Associated Press from Norfolk last night: An admission that he is the man wanted by the Seattle, Wash., police on a charge of passing bad checks, was obtained today from Joseph Gardner, alias M. Cohen, who was arrested here yesterday on his way to South America. Gardner told Chief of Police Ford that he was glad that the suspense was over as he was tired of being pursued all over the country. Police Justice Duncan today ordered Gardner held for the Seattle authorities.

ADVENT CHRISTIAN CHURCH.

Piner's Chapel Will be Erected on Myrtle Grove Road.

Rev. James E. Hall, evangelist for North Carolina of the Advent Christian Church, returned yesterday morning from Piner's store, on the Sound, where he completed all arrangements for the organization of a new Advent church to be known as Piner's Chapel and which will be erected opposite the store, on the Myrtle Grove road, about eight miles from the city. The location of the new church will be just beyond the county bridge over Whiskey creek. The Sunday School has been organized by Mr. Smith. A friend of those behind the movement for the new church has kindly furnished a house in which services may be held until the completion of the new church, work on which will be commenced in about 30 days.

The Recorder's Court.

When Gerhardt Foy, colored, was arraigned in the Recorder's court yesterday for assault with deadly weapon on another negro, the prosecutor said the defendant at the bar was not the one who committed the offense and Foy was released. Joe Williams, colored, who has seen much service on the county roads, was fined $5 and costs for drunkenness. He will probably have to return to the roads for a season. A case against ex-Patrolman R. L. Rouse, charged with non-support, was again continued at the request of the prosecution. Mr. Rouse insited upon trial and says he will have no trouble in establishing his innocence of the charge.

Basketball at Brigade Today.

The third in the series of basketball games for the distinction of having the winning team's name inscribed upon a silver cup given by Mr. George Honnet, will be played at the Boys' Brigade tonight, beginning at 8:30 o'clock. The Stags will battle with the Lions and the Kangaroos will contest with the Seminoles. The public, especially ladies, are cordially invited to attend.

HEADQUARTERS IN THE CITY.

Mr. W. J. Ware Named District Traffic Chief Western Union.

Mr. J. W. Ware, an exceedingly clever and most affable gentleman of many years' experience in the traffic department of the Western Union Telegraph Company, has been appointed district traffic supervisor for Eastern North Carolina with headquarters in Wilmington and assumed his new duties yesterday morning. Mr. Ware came to Wilmington from Montgomery, Ala., where he was traffic chief for a short time, having been transferred to that city from Jacksonville, Fla., where he had charge of traffic. Prior to his transfer to Jacksonville Mr. Ware was traffic chief at Charlotte. While he will spend most of his time in this city, Mr. Ware will make frequent visits to other towns in this district, including Raleigh. The appointment of a traffic supervisor for Eastern Carolina is in accordance with the recently adopted policy of the Western Union Telegraph Co. of organizing along the lines so successfully worked by the Bell Telephone Company. Two important departments of the company are the commercial and the traffic. The men in the former department get the business and it is the duty of those in the latter to see that it is moved with the least possible delay. Mr. Moore is commerical agent here, succeeding Mr. W. G. Sale, who was recently promoted to district traffic supervisor for North Carolina and Virginia with headquarters in Richmond. Mr. Ware will receive a warm welcome to Wilmington and this section of the State.

DRAINAGE DELEGATES.

Caldwell, Lumberton; C. R. Thomas, Ernest Green, New bern: Dr. L. S. Blades, J. B. Eringhause, Elizabeth City; O. L. Clark, Clarkton; T. H. B. Gibbs, Fairfield; R C. Bridger, Winton; R. M. Roseman, Lincolnton; Paul Kitchin, Scotland Neck; Ed. Woodard, Wilson; Francis D. Winston, Windsor; W. J. Griffin, Manteo; A. B. Croom, Jr., Burgaw; H. H. Johnson, Pantego; J. E. Tayloe, Washington; L. W. Stanley, Whiteville; Bert James, Dr. Charles Laughinhouse, Greenville; R. E. Transom, Winston-Salem; Hon. E. Y. Webb, Shelby; J. T. Smith, Wentworth; Geo. T. Fanell, Pamlico; E. E. Miller, Raleigh; J. B. Sellers, Maxton; F. F. Whetmore, Lumberton; R. P. Richardson, Reidesville; A. H. Eller, Winston-Salem; A. T. Walston, Tarboro; B. F. Shelton, Tarboro; J. E. Dick, Fair Bluff; W. S. Dresbach, Greenville; D. L. Struthers, Chadbourn; J. B. Armfield, Statesville; T. S. Inborden, Enfield; J. S. Myers, Charlotte; D. B. Packard, Washington.

WILL BE GIVEN HEARING TODAY.

Trial of Case of Joseph H. Watters Against J. C. Vereen.

Hearing in the attachment proceedings instituted some time ago by Mr. Joseph H. Watters, the wholesale grocer, against Mr. J. C. Vereen, formerly a city health officer, who conducts a store at Eighth and Dawson streets, will take place before Justice Harriss and a jury this morning. The plaintiff is suing to recover $190.32 alleged to be due for goods purchased on contract and alleges that the defendant concealed or disposed of his goods for the purpose of defrauding his creditors. The plaintiff further seeks attachment against the person, which means that if the court gives judgment in favor of the plaintiff the defendant may be arrested and held until the judgment is satisfied unless he takes an appeal to Superior Court. Yesterday morning the defendant asked for trial by jury and Constable Savage was busy the remainder of the day summoning jurors. C. C. Loughlin appears for the defendant and Rountree & Carr and A. S. Williams for the plaintiff.

WATERWAY NOW OPEN.

Captain Brown Back from Visit to Pamlico-Beaufort Canal.

Capt. Earl I. Brown, U. S. Engineer in charge of this district, has returned to the city from a visit to the waterway connecting Pamlico Sound and Beaufort Inlet, which is now open for traffic. Dredges working on opposite ends of the work met a few days ago and the waters were thrown together. Captain Brown passed through the waterway in a launch. The waterway will now take boats drawing eight feet of water but later, when the work is completed, the canal will have a depth of 10 feet at mean low water. The formal opening of the waterway will take place later.

Bids have been invited for the construction of fender piers for a bridge over the waterway, the piers to be concrete pile. The bids will be opened December 21st.

WILL SPEAK HERE SUNDAY.

Rev. Dr. Byron Clark to Make Address at Y. M. C. A. Meeting.

Rev. Dr. Byron Clark, of Salisbury, one of the ablest ministers in western North Carolina, will deliver the address at the men's mass meeting which will be held at the Bijou theatre Sunday afternoon at 5 o'clock under the auspices of the Y. M. C. A. This service will mark the close of the Week of Prayer which is now being observed by the association. Dr. Clark is a brother of Hon. O. L. Clark, of Clarkton, and is a native of Bladen county. His subject Sunday afternoon will be "The Life That Tells." Dr. Clark will preach at the First Presbyterian church Sunday morning.

BURLESQUE ON MIND READER.

Mirth Provoking Sketch Will be Part of Performance Tonight.

While it is not expected that there will be any dull features of "Spielgartenfest," which holds the boards at Academy of Music today and tomorrow, perhaps no portion of the night performances will create more real mirth or afford more amusement than a sketch which does not appear on the official programme, having been arranged since the programme was given the printers. It is a burlesque on Anna Eva Fay, the mind reader, written and will be acted by Messrs. W. M. Wiggins and Burritt S. Mills. The simple announcement of the burlesque and the names of the composers is sufficient to convince those who will witness the performance that this little sketch will play no small part in the evening's entertainment. It will be given a short time after the rise of the curtain and in their mind reading stunt Messrs. Wiggins and Mills are expected to deal with things ranging from the love affairs of some of their young men friends to the possibilities of the Republican party two years hence, not overlooking some of the complications existing in the municipal government of Wilmington.

BOAT COMMITTEE MET.

Discussed Ways and Means for Entertaining Delegates on Trip.

A meeting of the boat committee, who will have in charge the entertaining of the delegates to the North Carolina Drainage Convention on the revenue cutter Seminole on the river trip next Wednesday, met yesterday at the Chamber of Commerce and discussed matters pertaining to this feature.

Mr. W. E. Springer, the chairman, presided and other features of the convention were also taken up. The principal matter was that of obtaining funds to properly entertain the delegates and a committee was appointed to look after this some time during the next two days. In addition to the river trip a smoker has been arranged and other entertaining features, in charge of which is a competent committee.

A NEW DREDGE COMING.

For Contract Work on the Cape Fear River—Now on the Way.

A new dredge for work on the lower Cape Fear left New York yesterday in tow of the tug Albatros and is expected to arrive within the next few days, with favorable weather on the trip down the coast. The dredge has been secured by Capt. Doane, of Beaufort, who has been given the contract for work by the government on the Cape Fear river.

The name of the new dredge is unknown here, but it is understood that she is about the size of the Ajax, engaged in dredging on the river at the present.

The tug Blanche, Capt. W. A. Sanders, left last night with the barge Flora in tow for Beaufort, where she will be loaded with pontoons and brought back here for work with the new dredge.

WILL GO TO JURY TODAY.

Argument of Counsel Concluded Yesterday in Big Damage Suit.

The case of Stokes against the Atlantic Coast Line Railroad Company, the trial of which has been in progress in United States Circuit Court since Wednesday, will go to the jury this morning. The taking of testimony was concluded yesterday morning and argument of counsel was concluded before adjournment of court for the day. When court reconvenes this morning Judge Connor will deliver his charge, after which the jury will retire with the case. The plaintiff is seeking $15,000 alleged damages for injuries received in an accident on the local yards of the Coast Line a little over a year ago.

After argument of counsel, Judge Connor yesterday morning granted a continuance in the case of Knickerbocker Trust Co., against W. E. Worth.

STEAMER IS NOW KNOWN.

The Suram Was Ashore on Diamond Shoals—Vessel Not Damaged.

The British steamer Suram, which arrived in New York last Tuesday, reported going ashore on Diamond shoals on the North Carolina coast. She was the vessel which asked assistance from the revenue cutter Seminole at this port last Saturday night.

The steamer was bound from Port Arthur to Foynes and came off the shoals Sunday morning as stated in a wireless message to the Seminole, which was at that time off Cape Lookout. The Merritt-Chapman wrecking tugs from Norfolk also responded to the steamer's aid, but she came off under her own steam before they reached her. The steamer was not injured and after a short stay at New York proceeded on her voyage to Foynes.

Norfolk Southern Routes.

Elsewhere in today's paper the Norfolk & Southern railway advertises its new route to Norfolk, Va., via Wilson and Goldsboro. Pullman sleeping cars are provided and leaving Wilmington via A. C. L. at 7 P. M., passengers reach Norfolk at 7:30 A. M., with no transfer by ferry. Leaving Norfolk at 9 P. M., passengers may reach Wilmington at 9:45 the following morning, with Pullman service all the way. The route is very desirable and any information may be had by applying to F. W. Tatem, Goldsboro; W. J. Williams, Wilson, or W. W. Croxton, G. P. A., Norfolk, Va

Both Speedy and Effective.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." Robt. R. Bellamy.

THANKSGIVING GAMES.

Coast Line Offers Very Low Rates for Both Games—Pullman.

On account of the Carolina-Virginia football game in Richmond and the A. & M. and V. P. I. game in Norfolk, both on Thanksgiving, the Atlantic Coast Line offers the very low round trip rate of $7. Tickets will be sold Nov. 23rd and for trains scheduled to arrive before noon on the 24th; limited to reach original starting point not later than mid night, Nov. 26th. For the Richmond game the passenger department of the road hopes to arrange special Pullman for the accommodation of all who desire to take in the great Carolina game. All information may be had by calling 'phone 160 or asking the ticket agent. The games this year are fraught with unusual interest and Wilmington will be well represented in both Norfolk and Richmond.

Smallpox Cases Increase.

Smallpox cases continue to multiply, but the situation is not considered alarming. The disease has made its appearance here in a very mild form and though it has been raging here for almost a year not a single death has occurred. As Winter approaches there will in all probability be additional cases. Nine new cases were discovered yesterday morning, all among colored people as follows: Sallie Bell, 1209 North Fourth street; Chas. Bell, 1208 North Second street; Almira Walker, 1204 North Second street; Alice Hall, Nick Lawson and Lillie Lane, 908 Cleveland avenue; two cases at No. 826 South Seventh street, all quarantined at their homes, and Minnie Raspberry sent to the pest house. The cases on Cleveland avenue were discovered upon information furnished by the police who notified that the house had been shut up for several days. Investigation by health officer yesterday revealed the fact that there were three in the house suffering from the disease.

GREATEST GAME OF SEASON.

Yale Men Honor Goddess of Victory.—Harvard Squad at Work.

New Haven, Conn., Nov. 17.—With a band playing favorite Yale airs and students streaming out for yards behind it, the grand march upon the field, where Saturday's game will be played, was made by the undergraduates of Yale this afternoon. The 'varsity and scrub players danced around a bon fire and the castaway equipment was burned as an offering to the "goddess of victory." Yale's confidence has risen with the close of active training. The Yale eleven, after a short practice went to the Lawn Club for dinner.

The first eleven went this evening to Meriden to remain overnight at the country club there. Tomorrow the team will come back here for signal practice.

The Harvard squad came down from Farmington this noon and went to Yale field for signal practice. The work was light, mostly kicking and the handling of punts. The Harvard men will have a quiet day tomorrow with no practice except the signals.

MANAGEMENT

While large capital and surplus, together with ample resources and modern facilities, are important factors in the stability of every financial institution, its strength depends principally upon the men who direct its affairs. The management of this bank is composed of men having long experience in banking and commercial affairs, and they are well known for their sound judgment and for their influence in the community.

PROPOSE A NEW SCHEME.

New York Would be Host to Parliaments of the World.

New York, Nov. 17.—The scheme for a World's Fair in New York in 1913, the 300th anniversary of the settlement of New York, having failed to receive approval from the committee of 100 appointed by Mayor Gaynor, the Citizens' World's Fair Committee sent a letter to the mayor proposing a new form of celebration. The new idea is that New York act as a host to a joint meeting of the Parliaments of the world in the year 1913. It is suggested that a committee of 600 be appointed to determine the character of the celebration, 100 to be selected by the Mayor of New York, 100 by the governor of New York, 100 by the governor of New Jersey, 100 by the governor general and the premier of Canada and 100 by the President of the United States.

TRIBUTE TO MARGARET HAYES.

Eldest Daughter of the President of The Confederacy.

Biloxi, Miss., Nov. 17.—An altar and a beautiful heredos erected to the memory of Margaret Howell Davis Hayes, eldest daughter of the president of the Confederacy, were dedicated today in the church of the Redeemer, where the family of Jefferson Davis worshipped for many years.

The formal presentation of the altar and reredos was made by Mrs. Virginia F. McSherry, president-general of the United Daughters of the Confederacy and the dedication was by Bishop Bratton, of the Episcopal diocese of Mississippi.

SOCIAL and PERSONAL

Brief Mention, News of Societies, Meetings, etc

Mr. and Mrs. J. H. Niggel left last night for Chicago, where they will spend three weeks on a visit.

* * *

Mr. and Mrs. W. R. McRackan, of Whiteville, are in the city for a few days and are guests at The Orton.

* * *

The George Davis Children's Chapter, U. D. C., will hold its regular monthly meeting this (Friday) afternoon at 4 o'clock, at the home of the leader, Mrs. C. C. Covington.

* * *

The Christian Endeavor Society of the First Presbyterian church gave a most enjoyable entertainment in the church parlors last night from 8 to 11 o'clock. There were about 50 young people in attendance. A number of games were indulged in to the satisfaction of all and refreshments were served. Musical selections were given by Mr. R. Hunt. The enthusiasm shown in the business part of the meeting augurs that the Fall and Winter campaign promises to excel all former records of the organization.

Attractive invitations are being received by friends as follows:

Mr. and Mrs. Walter P. Brock
will give in marriage their daughter
Eslie Mabel Risley
to
Mr. Harry Woolvin Keen
on Friday afternoon, five o'clock.
November twenty-fifth, one thousand
nine hundred and ten
Number eight hundred and eighteen
Dock street.
Wilmington, North Carolina
The honor of your presence is requested.

Both the bride-elect and prospective groom are very popular in a wide circle of friends, who will receive the announcement with much interest and pleasure.

Complimentary to Miss Eslie Risley, whose approaching marriage to Mr. Harry W. Keen has been announced, Miss Lucile Smith charmingly entertained at a linen shower at her home No. 14 South Seventh street, yesterday afternoon. There were present about 18 young lady friends of the bride-elect and the event was of a most enjoyable nature. Each guest brought a piece of linen for the bride-elect and these were placed in a large wedding bell suspended from the ceiling. With the linen in the basket were a number of post cards bearing best wishes to the bride-elect. When Miss Risley entered, strings attached to the wedding bell were drawn and she was literally showered with linens and well-wishing post cards. Refreshments were served during the afternoon and the affair proved most enjoyable indeed.

BEAUTIFUL RECEPTION BY MRS. ADDISON RICAUD.

A beautiful reception was given yesterday afternoon at the hospitable home of Mrs. Addison Ricaud, on Dock street, from four to six. Mrs. Ricaud was assisted in receiving by Mrs. Allan Nichols, Mrs. Joseph Mathers, of New York, Mrs. Lyman Nichols, of New York, Mrs. Geo. Rountree, and Mrs. J. V. Grainger. A lovely bower of bamboo was arranged in the library, where punch was served by Mrs. C. E. Taylor and Mrs. R. H. Northrop, assisted by Miss Lucile Murchison. Delicious refreshments were served in the dining room, which was in red and silver, by Misses Agnes McQueen, Katie Grainger, Delamar Burbank and Mary Owen Green. The affair was largely attended and was one of the most charming social functions of the season.

SOROSIS ENTERTAINED BY HOSPITALITY COMMITTEE.

The hospitality committee of North Carolina Sorosis charmingly entertained the entire club at the Masonic Temple yesterday afternoon at 4 o'clock. There was a large attendance and the occasion was one of pleasure and profit. Very enjoyable vocal selections were given by Mrs. J. D. Edwards and Miss Maude Bulluck and Mrs. H. E. O'Keef delighted with a piano selection. Following the musical selections dainty refreshments were served, after which Mrs. Andrew J. Howell read a most interesting article from the December issue of the Cosmopolitan magazine, entitled, "Is the Housewife Guilty?" The article deals with the high cost of living and gives timely suggestions as to how to cut down household expenses. The ladies listened to the reading of the article with much interest and members of the club suggest that all ladies might read the article with profit. The hall in which the meeting was held was very prettily decorated with yellow and white chrysanthemums.

QUIET, BUT PRETTY, HOME WEDDING LAST EVENING.

A quiet home wedding, beautiful in its simplicity was celebrated at the home of the bride in East Wilmington at 6 o'clock last evening, when Miss Sudie Alice Mills the attractive and accomplished daughter of Mr. and Mrs. W. H. Mills, became the bride of Mr. John Mercer Taylor, one of Wilmington's best known and most popular young men. It was a very quiet home affair and there were in attendance only members of the immediate family and a few most intimate friends. The ceremony was impressively performed by Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church. Little Misses Dorothy and Helen Mills, daughters of Mrs. C. H. Mills and nieces of the bride, were the flower girls and the bride was attended by her sister, Miss Bessie Mills, as maid of honor. Mr. Edward Taylor, of Brunswick county, brother of the groom, was best man. The bride was attired in a traveling suit of dark blue with hat and gloves to match and carried a bouquet of bride's roses. The maid of honor wore pink crepe and carried white chrysanthemums. The Mills home was very prettily decorated in Southern smilax intertwining innumerable candles, forming a most attractive setting for the happy event.

Immediately after the ceremony Mr. and Mrs. Taylor drove to the union station, whence they departed on the 7 o'clock train for a bridal tour of ten days or two weeks to points of interest in the North and upon their return will be at home to their friends on Dock street.

The bride is an attractive and accomplished young lady much admired in a wide circle of friends, while the groom, who holds a position in the Wilmington postoffice, is one of the city's most popular young men and is very prominent in church and fraternity circles.

ENGLAND SWEPT BOARD.

In First International Event at New York Horse Show.

New York, Nov. 17.—England nearly swept the board in the first international event at the horse show tonight. Thirty-seven government horses, ridden by officers in uniform, competed for the honors.

The blue ribbon and the Canadian challenge cup went to the Nut, a bay gelding ridden by Lieut. C. F. Walwyn, of the Royal Horse Artillery; Harriet I., a bay mare, Lieut. Goffrey Brooke, 16th Lancers, was second, and Oka, a bay mare, Lieut. R. Mallarne, first dragoons, France, was third. Lieut. W. B. Sifton, Jr., of Canada, was fourth, with Ironsides, a black gelding.

When class 57, for pairs of horses from 15 hands to 15 hands two inches had been judged, there was general surprise at the announcement that the first prize had gone to the bay geldings Lord Baltimore and My Maryland, the entry of C. W. Watson's Fairmont Farms. In the victoria class Tuesday night the pair was put out of the ring because Lord Baltimore kicked, and the performance was repeated last night, because the judges thought Lord Baltimore was going lame.

Today, however, they were placed over Judge W. H. Moore's King of the West, and Queen of the West, and Paul A. Sorg's Dignity and Manhattan. When the judges were asked the reason for the sudden triumph of the Fairmont pair they simply said that Lord Baltimore and My Maryland "were going better than they ever did before."

THE CRISIS IN ENGLAND.

Leader of House of Commons Delivered an Address.

Nottingham, Eng., Nov. 17.—Arthur J. Balfour, the leader of the opposition in the House of Commons, addressed an important political gathering here tonight. It was on account of this engagement that Premier Asquith consented to delay the presentation of his official statement until Friday.

Mr. Balfour dealt with the present crisis from all angles and outlined the policies of the unionists.

Tariff reform, he said, still stood as the great constructive policy to which the unionists were committed, but if the benefits thereform were only purchasable by throwing the burden on the wage earning classes he would not touch it. The Unionists proposed to wage no defensive warfare, but to show the country that they had an imperial and domestic policy carrying infinite advantages to the country.

He said that if the unionists had agreed upon the only terms which would have made an agreement possible they would have betrayed their cause. He considered that the House of Commons should be the dominant element in a two-chamber system and that dissensions arising between the two chambers should be submitted for the people's arbitration.

The Nationalists and Socialists, Mr. Balfour said, were driving the government into an attempt to destroy the constitution by the abolition of the lords' power of veto. This he characterized as a revolution financed by American gold. If it was to such degradation that party government had brought the country, then party government had broken down.

"If we alter the constitution at the bidding of log rollers who care nothing for our Empire," said Mr. Balfour, "we are no longer capable of self government."

He appealed to every man to see that Britain should manage its own affairs. The Unionist leader had a magnificent reception.

LEADING CITIES OF SOUTH.

A Comparison of Growth of Six—The Census Figures.

Washington, Nov. 17.—With the census bureau's announcement tonight of the population of Memphis, Tenn., a comparison of the growth of the six principal cities of the South, for which figures thus far have been made public, shows that Birmingham, Ala., leads in per centage of increase by a wide margin.

The chief Southern cities in the order of their growth during the last ten years are as follows:

Birmingham has a population of 132,685 as compared with 38,415 in 1900, or an increase of 245.4 per cent.

Atlanta, Ga., has a population of 154,839 as compared with 89,872 in 1900, or an increase of 72.3 per cent.

Richmond, Va., has a population of 127,638, as compared with 85,050 in 1900, or an increase of 50.1 per cent.

Nashville, Tenn., has a population of 110,364, as compared with 80,865 in 1900, or an increase of 36.5 per cent.

Memphis has a population of 131,105 as compared with 102,320 in 1900, or an increase of 28.1 per cent.

New Orleans has a population of 339,075 as compared with 287,104 in 1900, or an increase of 18.1 per cent.

LOCAL DOTS.

—The schooner J. Edwin Kirwan, Capt. Kirwan, arrived yesterday from Baltimore with a cargo of acid phosphate for the Pocomoke Guano Company, to be discharged at the Seaboard terminals.

—Donaldson Military Academy football team and the Wilmington High School teams will contest for honors at League Park tomorrow afternoon. The game will be called at 3:30 o'clock and the admission will be 25 cents; school children 15 cents

—Shortly after 7 o'clock yesterday morning there was a slight accident on the surburban line near Macomber's station, when an extra car ran into a regular car which it was following. No one was injured and there was very little damage to the cars.

—The chairman of the Board of Elections for New Hanover and Brunswick counties met yesterday and canvassed the Senatorial vote for this district in the recent elections, George H. Bellamy, Esq., of Brunswick, being formally declared the representative of the people of the two counties in the Senate at the next General Assembly.

—The Aldermen at their next meeting may be asked to make an appropriation for the oiling of the surface of Market street from Fourth to 17th so as to allay the clouds of dust which follow passing automobiles and vehicles. The matter of oiling the street has been suggested to several members of the board and they have it under consideration.

—The attachment proceedings instituted by Platt & Haar against Miss Mattie Bloodworth, formerly of this city, but now of Atlanta, Ga., came up for hearing in Justice Harriss' court yesterday and judgment for the amount sued for, $145, was given. Execution was issued and the household effects of the plaintiff were seized by Constable Savage and notice has been given of the sale of the same on November 28th. Other cases against the defendant will be heard today.

TROOPS ON THE MOVE.

Changes of Stations For Thousands Under New Orders.

Washington, Nov. 17.—Thousands of troops will find their stations changed as a result of an order issued from the War Department to day. This order affects the soldiers in various sections of the country, who will proceed to Hawaii and the Philippines to relieve those now on duty in the insular possessions. The changes are in conformity with the government's settled policy of limiting to three years, where practicable, the tour of duty of soldiers serving in the Philippines and Hawaii. The movements of the troops will begin early next Spring and will not be completed until the following December.

Three garrisoned posts in the United States will be turned over to caretakers upon the departure of the troops now stationed in them. These are Fort Wingate, New Mexico; Fort Thomas, Kentucky and Fort Assiboene, Montana.

Troops now in this country to go to the Philippines are:

Engineers: Companies K. and L., third battalion from Fort Leavenworth, Kan.

Cavalry, third, from Fort Sam Houston, Texas; fourth, from Fort Meade, South Dakota, and Fort Snelling, Minnesota.

Field Artillery: Second, batteries A. and B. and headquarters, first battalion, from VanCouver barracks, Washington.

Coast Artillery: 33rd, from Fort Columbia, Washington; 86th, from Fort Wadsworth, N. Y.; 90th, from Fort McKinley, Maine; 95th, from Fort Hancock, N. J.

Infantry: First, from VanCouver barracks, Washington; 8th, from Presidio of Monterey, California; 13th, from Fort Leavenworth, Kan.; 15th, from Fort Douglas, Utah; 24th, from Madison Barracks, New York.

These troops now serving in the Philippines will come home to the posts named:

Engineers: Companies E. and H., second battalion, to Fort Leavenworth, Kansas.

Cavalry, second, to Fort Meade, South Dakota and Fort Snelling, Minn.; 14th, to Fort Sam Houston, Texas.

Field Artillery: Second, headquarters, band and batteries, E. and F., second battalion to VanCouver barracks, Washington.

Coast Artillery: 50th and 51st, to Fort McKinley, Maine; 54th, to Fort Wadsworth, N. Y.; 55th, to Fort Dupont, Delaware;.

Infantry: Third to Madison barracks and Fort Ontario, N. Y.; 70th, to Fort Leavenworth, Kan.; 12th, to Presidio of Monterey, Cal.; 20th, to Fort Douglas, Utah; 21st, to Van Couver barracks, Washington.

Troops to go to Hawaii: Field artillery: First:, headquarters, band and batteries D. and E., second battalion, from Fort Sill, Oklahoma.

Infantry: Second, from Fort Thomas, Kentucky.

Troops to come here from Hawaii are:

Infantry: 20th, End, battalion, to Fort Douglas, Utah.

Within the United States the following troops will change:

Field artillery: Fifth headquarters first battalion and batteries A. and B., from Presidio, San Francisco, Cal., to Fort Sill, Oklahoma.

Coast Artillery: 53rd, from Fort Wadsworth, New York, to Fort Hancock, N. J.; 56th, from Fort Wadsworth, N. Y. to Fort Crockett, Texas.

PROVOKED SUICIDE.

Husband Charged With Abusing Wife to Point of Desperation.

Camden, S. C., Nov. 17.—Sam Kirkland, a prominent farmer living a few miles from Camden, is on trial here this afternoon charged with murder on account of his wife's having committed suicide one day last Summer. Kirkland and his wife had been on a visit and on his return home, his wife went into the kitchen and poured kerosene on her body, setting fire to it. Her husband is indicted for murder on the ground that he abused her so while in an intoxicated condition that she took her own life.

Washington, Nov. 17.—Secretary Dickinson left Washington this evening for his home in Nashville, Tenn., to visit his invalid son Overton, whom he has not seen since he started on his round-the-world trip. The Secretary expects to return to Washington Monday.

MISTAKE FATAL FOR TWO.

Gave Patients Bichloride of Mercury Instead of Salts.

Wilmington, Del., Nov. 17.—It developed today that two deaths occurred at the Delaware hospital here Tuesday night from a mistake in medicines. A bottle used for epsom salts had been sent to the druggist to be filled and the man in charge of the room by mistake filled the bottle with bichloride of mercury, and it was sent back to the ward. The fatal drug was given to five patients and immediately they were made ill.

Patrick Jordan a rigger, suffering from injuries received by falling from a roof, soon died, and William Rainey, an old man who was dying from meningitis also succumbed. The other three patients responded to treatment and are now out of danger. Coroner Gaynor will make an investigation.

BRAND SALOON A CAFE.

No Longer Bar Tenter, but Server. Now in Jersey City.

New York, Nov. 17.—The saloon has gone out of existence in Jersey City. By edict of the Hudson County Liquor Dealers' Association it became known today the word "cafe" is hereafter to be substituted therefor, the name heretofore commonly employed in connection with places devoted to the purveying of alcoholic liquor refreshments. Further yet, the bar tender has been done away with, now being known officially as a "server."

WERE UNAWARE OF FIRE.

Raged in Hold of Steamer Hamilton. Reach New York Safely.

New York, Nov. 17.—Although the cargo of the steamship Hamilton of the Old Dominion Line, which reached port from Norfolk today, was afire during part of the voyage, no one on board knew it. The blaze was discovered only this evening when the hatches were opened. About 200 bales of cotton and large quantities of peanuts were damaged. The 40 passengers had left the ship several hours before the fire was discovered.

A Great Medicine

Two Bottles Relieved

Nearly all women suffer, more or less, from womanly complaints. There are so many symptoms due to this trouble that hardly two women suffer alike. However, whether your trouble is pain in the side, head, or limbs, dizziness, nervousness, or some other ill, from the same source, don't neglect it. Take Cardui.

Cardui has helped thousands of others, and it is only reasonable to believe that it will help you.

Thousands of ladies have written to tell how they were benefited by using this well-known remedy for their troubles.

Mrs. S. H. Blair, of Johnson City, Tenn., tried Cardui. She says: "I had suffered from womanly troubles for 16 months, before I tried your great medicine. I had four doctors attending my case, but they could not help me, and I endured great suffering until I began to take Wine of Cardui. After I had taken two bottles, I was greatly relieved, so I continued until I had used 8 bottles, and now I feel about well. I cannot say enough in favor of Cardui."

If you suffer from any of the troubles arising from weakness or derangement of the womanly organs, don't experiment—get Cardui, the oft-tested, the old, reliable medicine for women.

Cardui is for sale at all druggists. Get a bottle at yours, and try what it will do for you.

You insure your Life—
Why not insure your Health
by using
Cottolene?

It isn't the quantity of food you eat, but that portion of it that digests that brings health and strength.

Lard-soaked food never has been, never can be digestible and nourishing, because of the hog fat it contains.

Cottolene is far more healthful than lard because *Cottolene* is a vegetable product, makes food rich without being greasy, and can easily be digested by the stomach of a child.

They say the way to a man's heart is through his stomach. People who have used and are using *Cottolene* for all shortening and frying purposes say that the way to health is through the use of *Cottolene*.

Cottolene shortens your food; lengthens your life.

COTTON DOWN GRADE AGAIN

Market Lost Its Advance of Wednesday Yesterday—Decline 9 to 13 Points—Closing Was Quiet—Conditons.

New York, Nov. 17.—The cotton market just about lost its advance of yesterday during today's trading, although there was no apparent change in the general character of the news and the class was very steady at the decline of 9 to 13 points.

The opening was steady at an advance of 5 to 10 points on overnight buying orders attracted, presumably by the firmer tone of yesterday's market. The cables made a steady showing, but initial prices here were considered higher than due on the Liverpool and as soon as the first bunch of buying orders had been supplied, the market turned easier under realizing by scalping longs and local bear pressure in the absence of outside support or of any aggressive demand from the bull leaders. A little demand developed around 14.50 for May on the scale down, but proved insufficient to more than temporarily check the decline, and at one time during the early afternoon prices showed a net loss of 17 to 19 points with May selling at 14.45 the lowest point reached so far, since the publication of the last census report. Around this level there was considerable covering by early sellers and a fresh buying as a result of which the market steadied and closed several points up from the lowest. Part selling during the day appeared to come from trade interests and was attracted to the liquidations of hedges following the increased receipts, but there was moderate buying on declines from other trade sources and it appeared that general sentiment was mixed, with outside business holding off for the ginning report next Monday. The action of the revision committee last night in continuing the old difference between grades of spot cotton delivered on contract seemed to attract no special comment and the only fresh development in the way of crop estimates was a report from a prominent Alabama firm placing the yield at 11,885,000 bales. Southern spot markets officially reported early were unchanged to 1-16c. lower.,

Receipts of cotton at the ports today were 70,255 bales against 51,974 last week and 43,585 last year For the week 390,000 bales against 376,608 last weea knd 277,066 last year. Today's receipts at New Orleans 19,257 bales against 13,527 last year.

Spot cotton closed quiet 10 points lower; middling uplands 14.50; middling uif 14.75; sales 40 bales.

Cotton futures opened steady and closed very steady.

DISTRUST IN THE DEALINGS

At Artificial Character of the Stock Market—Rapid Declines Resulted Yesterday—Money Continues Easier.

New York, Nov. 17.—Distrust of the artificial character of the present market practically killed speculative interest and threw the dealings almost into stagnation today. Tentative selling operations at the outset seemed designed mainly to test the market. The rapid declines which resulted were in contrast with the ease with which prices had advanced in previous sessions in response to concentrated buying orders from a few sources. No aggressive attempt was made to renew the advance and the last prices were only a little above the lowest.

News bearing on the day's movement was not important. The prominence given to the relations with Mexico was said to give some ground for uneasiness, but the matter was not taken very seriously. The discussion of earnings in relation to dividend requirements of the Spring wheat, grangers and of New York Central was a more substantial influence and was reflected in the special weakness of those stocks.

The money market continued to work easier. It was reported at the stock exchange that funds were supplied from Standard Oil sources and this employment of funds was held to argue indifference towards the course of the stock market on the part of the habitual market operators in that group of capitalists. Sales are being made in the New York market of moderate issues of investment demand and the necessity for extra attractions as an inducement. Success was reported for an offering of Kansas City terminal 4 per cent. at 97 and $15,000,000 Chicago & Northwestern general mortgage bonds were sold to bankers to bear 4 per cent., previous issues under this mortgage having been at 3 1-2 per cent.

One-third of the day's business was done in the United States Steel and another third in Union Pacific and Reading, the latter showing rather less than half the total in Union Pacific without allowance for the halt shares of the Reading stock.

Bonds were irregular. Total sales par value $2,051,000. United States bonds were unchanged on call. Total sales for the day 449,800 shares.

THE GRAIN MARKET.

Chicago, Nov. 17.—Drought in the Canadian northwest helped put up the price of wheat here today. It was also asserted that more rain was needed in Argentina. The market closed with a net gain of 1-8 to 1-4 to 1-4 to 3-8, but profit-taking made the final tone weak. Corn finished 1-2 lower than last night and oats off 1-4 to 3-8. There was an irregular wind-up in provisions, varying from 10c advance to an equal decline.

Cash grain: Wheat—No. 2 red, 93 to 95 3-4; No. 3 red, 90 to 92; No. 2 hard, 93 to 95; No. 3 hard, 90 to 92; No. 1 northern 1.06 to 1.08; No. 2 northern, 1.02 to 1.06; No. 3 northern, 1.00 to 1.04; No. 2 spring 96 to 1.03; No. 3 spring, 95 to 1.02; velvet chaff 90 to 1.01; durum 82 to 91.

Corn—No. 2, 51 3-4 to 52; No. 2 white, 51 3-4 to 52 1-2; No. 2 yellow, 52 1-4 to 3-4; No. 3, 51 1-4 to 3-4; No. 3, new, 47 to 48; No. 3 white, 51 1-4 to 3-4; No. 3, white new, 47 to 48; No. 3 yellow, 51 3-4 to 52 1-4; No. 3 yellow, new, 48 to 48 1-2; No. 4, 50 1-4 to 51; No. 4 new, 46 to 46 1-4; No. 4 white, 50 1-4 to 3-4; No. 4 white new, 46 to 46 1-2; No. 4 yellow, 51 to 52 1-2; No. 4 yellow, new, 46 1-2 to 47.

COTTON MARKET YESTERDAY.

Movement Must Increase to Bear Out Crop Estimate—Features.

(Special Star Telegram.)

New York, Nov. 17.—The European advance, while slightly more than expected was met by another liquidation on the part of outside holders, who do not fancy the increase in the movement. While the cotton trade knows that the movement must increase, each week, from now on, compared with last season, in order to bear out, even the low crop estimates, the fact that it does increase heavily over lats season is not encouraging to outside traders, seeking an investment.

After a decline of 25 points from the best prices the market rallied at the close, leading many to look for a better market tomorrow, because it has advanced several times from this range of prices.

We should say that the market is rather discouraged, but not bearish. Liverpool should decline three points tomorrow.

HUBBARD BROS. & CO.

THE FINANCIAL MARKET.

New York, Nov. 17.—Money on call easy 2 1-2 to 3 per cent., ruling rate 3, closing bid 2 1-2, offered at 2 1-2. Time loans weak; 60 days, 90 days and six months at 4 1-2 per cent. Prime mercantile paper 5 1-2 to 6 per cent. Sterling exchange firm with actual business in banekrs bills at 4.8190 to 4.82 for 60 day bills and at 4.8607 for demand. Commercial bills 4.81 3-8 to 4.81 5-8. Bar silver 55 1-2. Mexican dollars 46.

DRY GOODS MARKET.

New York, Nov. 17.—The dry goods market was generally steady and quiet for the day. Bids for cotton goods are more frequent but prices suggested are on a lower plane and are being declined. Raw silk as advancing steadily. The large carpet houses report a steadily increasing spring business but smaller houses complain of close prices.

Not Sorry for Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c $1.00. Trial bottle free. Guaranteed by Robert R. Bellamy.

LEXINGTON'S BIG DAY.

Four Thousand Children in Parade.—Home-Coming Week.

Lexington, N. C., Nov. 17.—Education day of home-coming week has far exceeded yesterday in attendance and otherwise. ...ty public schools are represented and nearly four thousand children took part in the parade. Educational leaders of the State, who are here, declare it the most thrilling spectacle ever witnessed. Two brass bands and two string bands furnished music. Five hundred members of the Junior Order led the parade which was more than a mile in length. At the soldiers' monument on the square the children massed together and sang "Carolina," followed by "America."

Addresses were made by Dr. F. L. Stevens, John E. Ray, Dr. Henry Louis Smith, Dr. R. T. Vann and others, while Attorney General Bickett made the speech of the day. The enthusiasm shown by the teachers of the county surpassed all expectations and the attendance is phenomenal.

Farmers' day will be observed tomorrow and even larger crowds are expected.

TO SURVEY SWAMP LANDS.

A Strong Memorial Will be Presented to Congress.

Memphis, Tenn., Nov. 17.—A strong memorial addressed to the Congress of the United States to be presented to that body by a committee composed of the governors of Missouri, Arkansas, Tennessee, Mississippi and Louisiana calling upon the Federal government to appropriate a sufficient sum to complete to topographical survey of the great area of swamp lands situated in the Lower Mississippi valley was adopted at an enthusiastic meeting of the Mississippi Valley Drainage and Highways Association held here today. Governor Noel, of Mississippi, declared that Congress would lend a willing ear to the plea for aid provided it can become acquainted with just what is wanted.

The conference adjourned after deciding to send a committee to the annual meeting of the House of the Governors in Frankfort, Ky., next week, to present to that meeting the recommendation of the conference.

W. C. T. U. MEETING ENDS.

Great Enthusiasm Now in Baltimore Meeting.

Baltimore, Nov. 17.—Great enthusiasm marked the close tonight of the 37th annual convention of the W. C. T. U. which finally adjourned after receiving numerous invitations relative to the next place of meeting. The choice was left to the executive committee, but the opinion is expressed that the choice will fall on Milwaukee, Wis.

The evening meeting listened to reports of State presidents on gains in membership. The banner for the greatest gain in State membership went to Missouri, that State showing an increase of 2,020.

The banner for the greatest local gain went to Warsaw, N. Y., that for the greatest county gain to Cook county, Ill., and that for the best district gain to Michigan.

A large delegation will tomorrow go to Washington, where services in memory of Frances E. Willard are to be held in statuary hall, at the capitol.

RAIDING THE JOINTS.

Beer and Liquors Seized by Order of Court in Birmingham.

Birmingham, Ala., Nov. 17.—Alexander M. Garber, Attorney General of Alabama, secured injunctions and seizure papers in the city court before Judge Sharpe yesterday afternoon and Sheriff Higdon sent 20 men out and seized fixtures, goods and other things in five places this morning where it is alleged liquor and beer were being sold. It is understood that other places are being seized.

FIRE AT ST. STEPHENS, S. C.

Rose Hotel Destroyed, Entailing Loss of $50,000.

St. Stephens, S. C., November 17.—Fire which originated in the second story of the Rose Hotel here at 8.30 o'clock tonight practically destroyed this place. Ten stores and residences were wiped out; the merchants losing practically all their stock in addition to the buildings. The loss will aggregate about $50,000, while the insurance will amount to about $10,000.

Boston, Mass., Nov. 17.—George Hackenschmidt "the Russian lion," defeated Maurice DeKlaz, the Swiss champion, in the principal event at the Boston arena wrestling bouts tonight, securing two falls in succession. The first fall was secured in ... minutes and the second in 15 minutes.

JOHNSTONE MEETS DEATH IN FLIGHT

(Continued from Page One)

drew every eye in time to see him dashed to death upon the ground. The band in the grand stand never ceased to play and Johnstone's body was taken out of the enclosure with the strains of a rag-time melody for a funeral march.

It would seem that many incidents had happened throughout the aviation meet to warn the ill-fated aviator. Yesterday in alighting Johnstone broke the left wing tip of his machine against the fence. It was the same tip that gave way today and caused his death.

Today when he started on his first flight one of the wheels on which the aeroplane runs along the ground gave way and had to be replaced.

In discussing his flights in this rare atmosphere yesterday Johnstone declared he would attempt no tricks as he considered them too dangerous. Evidently, however, he believed he had outlived the problems of this altitude when he parted from his determination.

Hoxsey's daring flight far over the foothills seemed to fire him with a determination to out-do his team mate for the first spiral which he made safely was by far the most daring of any the aviators had attempted at this meet.

Did Not Fear Death.

Kansas City, Mo., Nov. 17.—When Ralph Johnstone, who was killed in an aeroplane accident in Denver today started to leave the home of W. M. Federmann, his uncle here last Sunday on his way to Denver to take part in the aviation meet, Feddermann said: "I suppose I'll receive a telegram one of these days to come after your remains."

"Not mine" said Johnstone, shaking his relatives hand and smiling "When I make a flight, I have my plans well laid. Before I leave the ground I know exactly what I am going to do. Don't worry about me being injured."

The dead aviator was born here 30 years ago. His wife and two children, a boy and a girl, are in New York.

Johnstone was a trick cyclist before he became an aviator and was famed for his daring feats on the wheel.

Six months ago, Johnstone through Roy Knabenshue, secured an engagement with the Wright Brothers. They liked his work and a few weeks ago he signed a contract extending until January 1, 1912.

Johnstone had the greatest confidence in his ability to keep the world's record for height.

News in New York.

New York, Nov. 17.—Johnstone's widow got the news of her husband's death from Wilbur Wright, who is in this city. She is so prostrated that she denied herself to callers and Wilbur Wright said that she had no statement for publication.

Wilbur Wright himself was without details of the tragedy until they were supplied to him by the Associated Press.

"I can't say anything about the accident except to express the grief I feel," he said.

Ralph Johnstone was an altitude flier, pure and simple. He had only been five months in the game, and never tried for cross country events, speed dashes, or distance, but his full blooded, stoutly knit frame stood him in good stead at resisting the cold of the upper airs, and the instinctive poise of the trick bicycle rider helped him in high winds. He was full of zeal and pride, and his daily rivalries with his team mate, Arch Hoxsey, in their duels for altitude, were one of the delights of the recent International Aviation meet at Belmont Park.

"How high do you think you went?" the crowd asked him one night when he settled on the field after sunset, numbed and shivering.

"I don't know," he answered. "But if I didn't go higher than that Hoxsey I'll never trust a barograph again."

It happened that Johnstone was defeated on that occasion, but by dint of daily striving he got a little higher each time until on the last day of the meet he brought back the world's record—9,714 feet—which he carries with him in death. He had already taken the American record from Walter Brooklis, of the Wright team, and when J. Armstrong Drexel went him a little better he came back again with still another American record.

Nothing remained for him but the world's record, and in the end he got that, too.

The feat brought him $5,000 in cash and more fame than anything else he ever did, but it was not really his most remarkable piece of airmanship. In one flight at Belmont Park—the day he defeated Drexel—he and Hoxsey both went up in a gale so stiff that for a time they hung above the field immobile in latitude, though they were steadily gaining in altitude, and then began to drift backwards. They were blown off the course, out of sight, and Johnstone landed 50 miles down Long Island, but it was characteristic of his pluck that he kept on climbing until his last drop of gasoline was exhausted.

THE OREGON SYSTEM.

Senator Bourne Declares in Favor of Initiative and Referendum.

Philadelphia, Nov. 17.—An exposition of the much discussed "Oregon System", which he declared to be the "best system of government in the world," was the contents of an address delivered by United States Senator Jonathan Bourne, Jr., of Oregon, before the American Academy of Political and Social Science at its opening session here tonight. The Senator declared the initiative and the referendum "the keynote of the arch of popular government," and set forth in detail the reasons for his belief, analyzing as well the other features of the Oregon system.

In his address Senator Bourne argued that the initiative educates and developes the people by compelling them to study public questions and placing upon them responsibility for all laws. It gives every man an opportunity to submit his ideas to the people, provided eight per cent. of them believe his ideas worthy of submission to popular vote; thus, the speaker argued, there is a tendency to lift all the people to the plane of the most advanced.

"Laws proposed under the initiative," said Senator Bourne, "are not subject to amendment and, therefore, cannot be made the means of enacting 'jokers' as has often been done in the case of measures enacted by a Legislature. Legislative blackmail and grants of special privilege are made impossible by the referendum."

The people of Oregon are satisfied with their system of direct legislation; and it has not been unreasonably expensive."

Oregon has elected three United States Senators by popular vote. Explaining the manner in which a Democrat was elected Senator in Oregon, which is a Republican State, Senator Bourne said that 51 out of 90 members of the Oregon Legislature had subscribed to what is known as the "Statement No. 1." pledge, in which a member of the Legislature pledges himself to the people to always vote for that candidate for United States Senator who has received the largest number of votes for that office at the general election. In pursuance of such pledge the Legislature elected a Democrat who had received the largest number of popular votes.

RIOTING IN CHICAGO.

Policeman Shot by Striking Garment Workers.—Arrests Made.

Chicago, Nov. 17.—Renewed rioting, in which one policeman was shot today took the place of the comparative peace which has marked the garment strike. More than a score of strikers, most of them women and girls, were arrested and a number of policemen were more or less injured.

Thomas Powers, a private detective, was shot while aiding the police disperse a crowd of strikers at Fifth avenue and Harrison street. The strikers were said to have been on their way to break into the plant of the Royal Tailors, where non-union help is employed. Flowers joined the police in a demand that the strikers disperse.

Instead one of the crowd fired into the platoon of policemen. The injured man was taken to a hospital and Mrs. Magdalina DeBona, a striker, arrested. A revolver with one chamber recently discharged was found in her possession. She denied having fired the shot, however, but said she picked up the weapon after it had been thrown on the ground.

Congressman Small, of North Carolina, Attended the Meeting.

Pensacola, Fla., Nov. 17.—With the closing session of the Mississippi to the Atlantic inland waterway convention this morning, when the selection of the next meeting place was left to the executive committee, a distinguished party of men left the city. Congressman J. H. Small, of North Carolina, who delivered one of the notable addresses, goes directly to his home, as does Herbert Knox Smith, commissioner of corporations. Congressman J. Hampton Moore, of Philadelphia, who is the president of the Atlantic Deeper Waterways Association, left for New Orleans, where he is to look into the matter of the proposed Panama canal exposition in that city. S. A. Thompson, field secretary of the National Rivers and Harbors Congress, is to visit Columbus, Ga., before returning home, while J. E. Quarles, secretary of the Southern Commercial Congress, goes direct to Washington.

RAT POISON IN PIE.

Several Persons Made Ill by the Mistake.—Cook Also Victim.

Washington, Pa., Nov. 17.—Seven persons were made ill by eating poisoned pie, in a South Main street restaurant here last night. They are reported in a serious condition, but will recover. The pie later was thrown from the window of the restaurant and was eaten by chickens, 37 of which have died.

Joan Fremont, a negro cook in making the pie, got hold of a can of rat poison instead of baking powder. He is one of the victims of his mistake.

Brest, rance, Nov. 17.—Four American blue jackets were waylaid and robbed last night by a gang of waterside roughs. The police arrested the ring leader.

DEALER—N. JACOBI HARDWARE CO.

A NEVER FAILING MINE

of health giving bread is found in

Belle of Wilmington Flour

It's made from whole wheat, with only the matter which interferes with digestion eliminated. Its manufacture is the latest and best known to modern science and practical skill. The Belle of Wilmington Flour Mine pays big dividends to investors in a single sack or a thousand barrels, and if your grocer don't handle it, ask him to order a trial shipment from
